SPECIAL ISSUE: A CROSSCUTTING AND COMPREHENSIVE LOOK AT ENVIRONMENTAL PROBLEMS

**Guest Editors: Dr. Rosa María Torres Sánchez
and Professor Maria dos Santos Afonso**

- 305 **Preface**
Rosa María Torres Sánchez and Maria dos Santos Afonso
- 307 **Water quality assessment of a polluted urban river**
G.M. Nader, P.V. Sanchez Proaño and D.S. Cicerone
- 320 **Comparative toxicity of cypermethrin and a commercial formulation
on *Rhinella arenarum* larval development (*Anura: Bufonidae*)**
Gabriela Veronica Svartz and Cristina Silvia Pérez-Coll
- 330 **Screening of pharmaceuticals in surface water bodies of the Pampas region
of Argentina**
*Yanina Elorriaga, Damián J. Marino, Pedro Carriquiriborde
and Alicia E. Ronco*
- 340 **Sediment phosphorus fractions in an urban lake and its usability
for predicting of the internal loading phenomenon**
*Renata Brzozowska, Grzegorz Wiśniewski, Julita Dunalska
and Zofia Filipkowska*
- 350 **Accumulation of heavy metals in the bottom sediments of the Irkutsk
Reservoir**
Andrzej Jagus, Victoria Khak, Martyna A. Rzetala and Mariusz Rzetala
- 363 **Atmospheric pollution and mortality. A comparative study between two
Latin American cities: Buenos Aires (Argentina) and Santiago (Chile)**
*Rosana Abrutzky, Sergio Ibarra, Patricia Matus, Patricia Romero-Lankao,
Victoria Pereyra and Laura Dawidowski*
- 381 **Limnological changes in two shallow lakes from an urban reserve
throughout a complete hydrological cycle: proposals for restoration
and management**
*Rodrigo Sinistro, Silvia Buitrago Giraldo, Armando M. Rennella,
Amancay Mamani and Irina Izaguirre*
- 398 **Contents Index**
- 401 **Keywords Index**
- 406 **Author Index**
