

CONTENTS

AGRICULTURAL MACHINERY

Drying Characteristics of Powdered Wheat Straw and Its Mathematical Modeling.
D. Chen, M. Li, and X. Zhu 869

Harvesting of Microalgae *Dunaliella salina* Using Electroflocculation.
A. Zenouzi, B. Ghobadian, M. A. Hejazi, and P. Rahnemoon 879

AGRONOMY

Effects of Nitrogen and ABA Application on Basal and Distal Kernel Weight of Wheat.
H. Mohammadi, A. Ahmadi, J. C. Yang, F. Moradi, Z. Wang, A. Abbasi, and K. Poustini 889

Effect of Salinity on Carbon Isotope Discrimination of Shoot and Root of Four Sugar Beet (*Beta vulgaris* L.) Cultivars.
A. Dadkhah 901

ANIMAL SCIENCE

Estimation of Arginine Requirements for Male Broilers Grown at High Altitude from One to Twenty-one Days of Age.
F. Khajali, H. Basoo, and M. Faraji 911

The Effect of *Moringa oleifera* Leaf Extract as Antioxidant on Stabilization of Butter Oil with Modified Fatty Acid Profile.
M. Nadeem, M. Abdullah, A. Khalique, I. Hussain, A. Mahmud, and S. Inayat 919

FOOD SCIENCE

Combined Effect of Vacuum Packaging and Sodium Acetate Dip Treatment on Shelf Life Extension of Rainbow Trout (*Oncorhynchus mykiss*) during Refrigerated Storage.
H. Etemadi, M. Rezaei, A. M. Abedian Kenari, and S. F. Hosseini 929

Cryoconcentration of Sour Cherry and Orange Juices with Novel Clarification Method; Comparison of Thermal Concentration with Freeze Concentration in liquid Foods.
M. Nourmohamadpor Omran, M. Pirouzifard, P. Aryaey, and M. Hasan Nejad 941

Effect of Food Processing on Residue of Imidacloprid in Strawberry Fruits.
M. Y. Hendawi, A. A. Romeh, and T. M. Mekky 951

Modeling of Rheological Characteristics of ‘‘MALAS YAZDI’’ (*Punica granatum* L.) Pomegranate Juice.
S. Bodbodak, M. Kashaninejad, J. Hesari, and S. M. A. Razavi 961

FISHERIES

Species Identification of Some Fish Products in Iran by DNA Barcoding.
R. Changizi, H. Farahmand, M. Soltani, F. Darvish, and A. Elmdoost 973

Continued from front cover:

FORESTRY

Rainfall Interception in a *Pinus eldarica* Plantation in a Semi-arid Climate Zone: An Application of the Gash Model.

M. Motahari, P. Attarod, T. G. Pypker, V. Etemad, and A. Shirvany

981

HORTICULTURAL SCIENCE

Quantitative Seasonal Changes in the Leaf Phenolic Content Related to the Alternate-Bearing Patterns of Olive (*Olea europaea* L. cv. Gemlik).

C. Mert, E. Barut, and A. İpek

995

PLANT BREEDING

Comparison of RAPD, ISSR, and DAMD Markers for Genetic Diversity Assessment between Accessions of *Jatropha curcas* L. and Its Related Species.

S. Gautam Murty, F. Patel, B. S. Punwar, M. Patel, A. S. Singh, and R. S. Fougat

1007

Effect of Paternal Genotypes Sprays with BA and IAA Concentration on Embryo Rescue of F1 Progenies from 'Askari' (*Vitis vinifera* L.) Cultivar.

M. Razi, R. Jalili Marandi, H. Doulati Baneh, B. Hosseini, and R. Darvishzadeh

1023

Variation in Expression of *Phytochrome B* Gene in Cotton (*Gossypium hirsutum* L.).

A.Q. Rao, K. Shahzad Bajwa, A. Nugroho Puspito, M. Azmat Ullah Khan, M. Adil Abbas, Mahmood ur Rehman, A. Bakhsh, A. A. Shahid, I. Ahmad Nasir, and T. Husnain

1033

SOIL SCIENCE

Arbuscular Mycorrhizal Fungi Alleviate Ozone Stress on Nitrogen Nutrition of Field Wheat.

X. C. Cui, J. L. Hu, X. G. Lin, F. Y. Wang, R. R. Chen, J. H. Wang, and J. G. Zhu

1043

Clay Mineralogy of Gypsiferous Soils under Different Soil Moisture Regimes in Fars Province, Iran.

S. S. Hashemi, M. Baghernejad, and M. Najafi Ghiri

1053

Evaluation and Comparison of Composting Rabbit Manure Mixed with Mushroom Residue and Rice Straw.

B. Li-li, Y. Tie-jun, W. Bin, B. Lin, T. De-gui, and F. Xiang-chao

1069
