

## CONTENTS

Page

**Biophysics**

- Ts. D. Tsvetkov and G. Petrov. Scale without Conformal Invariants in the Non-Local Relativistic Quantum Field Systems in Living Cells..... 1171

**Plant Sciences**

- A. La Torre, V. Battaglia and F. Caradonia. Legal Aspects of the Use of Plant Strengtheners (Biostimulants) in Europe..... 1183
- M. C. Feng, J. J. Wang, C. Wang, W. D. Yang, H. Q. Wang, L. J. Xiao, Y. H. Song, L. M. Gao, M. J. Zhang and G. W. Ding. Response of Winter Wheat (*Triticum aestivum* L.) Spectral Reflectance Characteristics to Chlorophyll Content in Planting Densities Application Rate..... 1190
- A. Ginova and V. Kondakova. New Approaches for *in vitro* Propagation of Oil-Bearing Rose..... 1198
- O. Ceylan, M. D. Sahin and S. Avaz. Antibacterial Activity of *Corylus colurna* L. (Betulaceae) and *Prunus divaricata* Ledeb. subsp. *divaricata* (Rosaceae) from Usak, Turkey..... 1204
- M. Stefanova, D. Koleva and T. Ganeva. Effect of Plant Growth Regulators on Chloroplast Ultra Structure in *Lamium Album* Plantlets..... 1208
- A. Dobreva, A. Velcheva, V. Bardarov and K. Bardarov. Chemical Composition of Different Genotypes Oil-Bearing Roses..... 1213
- L. Basayigit, R. Ersan and M. Dedeoglu. Monitoring Vegetation Growth of Oil Rose (*Rosa damascena* Mill.) by Hyperspectral Sensing..... 1219
- R. Marinkovic, P. Sklenar, A. Marjanovic-Jeromela, D. Miladinovic, M. Jankulovska, N. Dusanic and A. Mikic. Components of Genetic Variance for Some Quantitative Characteristics in Castor Bean..... 1225
- S. Pandeliev, B. Stalev and L. Angelov. Effect of Soil Surface Maintenance Methods on the Yield and Quality of Grapes of the Velika Variety..... 1231
- M. A. Balah and H. H. Latif. Biochemical Alterations in Wheat Seedlings and Some Weeds Related to Allelopathic Potential of Some Medicinal Plants..... 1236
- D. Kok, E. Bal and S. Celik. Influences of various canopy management techniques on wine grape quality of *V. vinifera* L. cv. Kalecik Karasi..... 1247

**Ecology, Agritechnics and Soil Science**

- A. Comparetti, P. Febo and S. Orlando. A System for the Real-Time Geo-Referenced Measurement of Soil Parameters..... 1253
- A. Nawrath, J. Skladanka, F. Hrabec and J. Edison Alba Mejia. Representation of Plant Species in the Stand in Dependence on Total Precipitation Amounts, Temperature, Intensity of Fertilization and Use in the Period 2007-2011.... 1258
- M. Seghatoleslami. Effect of Water Stress, Bio-Fertilizer and Manure on Seed and Essential Oil Yield and Some Morphological Traits of Cumin..... 1268
- M. K. Mladenov and Y. G. Pelovski. Agrochemical Efficiency of Soil Conditioners on the Base of Wood Ash. Part 2. Agrochemical Pot-Tests on Sweet Pepper (*Capsicum Annum* L.) Variety Sofiiska Kapia..... 1275
- T. P. Popova, B. D. Baikov and V. K. Kirov. Testing the Effect of Different Concentrations of Formalin for Decontamination of Cattle Manure..... 1283
- M. A. Talpur, J. I. Changying, S. A. Junejo and A. A. Tagar. Impact of Rice Crop on Soil Quality and Fertility... 1287
- B. Tas and S. Saltan Evrensel. The Effect of Nitrogen Doses on Dry Matter Distribution and Nitrogen Uptake of the Plant in Maturity Periods of Oat (*Avena sativa* L.) ..... 1292
- H. Aminpanah, F. Rasouli, S. Firouzi, P. Sharifi and M. Rabiee. Competitive Ability, Yield and Yield Components of Canola (*Brassica napus* L.) Cultivars as affected by nitrogen rate and weed competition..... 1298
- P. K. Pindi and T. Sultana. Bacterial and Fungal Diversity in Rhizosphere Soils of BT and NON-BT Cotton in Natural Systems..... 1306
- P. Barlog, W. Grzebisz, K. Peplinski and W. Szczepaniak. Sugar Beet Response to Balanced Nitrogen Fertilization with Phosphorus and Potassium. Part I. Dynamics of Beet Yield Development..... 1311

*continues inside*

---

**CONTENTS (continued)****Page**

- A. Majrashi, B. Bin Bakar, M. Moneruzzaman Khandaker, A. Nasrulhaq Boyce and S. V. Muniandy. Fractal Analysis of Rhizome Growth Patterns of *Scirpus grossus* L. on Peat and Paddy Soils..... 1319

**Agricultural Economics**

- X. Yuangui, Zh. Hongyan, W. Haiyan, W. Lifeng and Y. Zheming. Prediction of Multidimensional Time Series Based on GS-RSR-SVR and Its Application in Agricultural Economy..... 1327
- F. S. Al-Subaiee, H. M. Al-Ghobari, M. B. Baig, E. A. Ei-Hag and M. T. Abu-Riziga. Studies on Adoption of Irrigation Methods by the Date Palm Farmers in Al-Qassim Area - Kingdom of Saudi Arabia..... 1337
- E. Onurlubas. The Factors Affecting Fish Consumption of the Consumers in Kesan Township in Edirne..... 1346
- O. O. Ozer and H. Akcay. The Examination of Differences in Terms of Socio-Economic, Stock Period and Information Needs of the Enterprises Engaged in Stock-Farming Activity..... 1351
- T. Cukur. Determination of Communication Behavior of Earthen Pond Fish Farmers..... 1358

**Food Science and Technologies**

- M. Islamoglu and S. Tarla. Some Biological Properties of *Trissolcus semistriatus* Nees (Hymenoptera: Scelionidae) Adults Stored at Different Temperatures..... 1364
- S. Karlovic, T. Bosiljkov, M. Brncic, D. Jezek, B. Tripalo, F. Dujmic, I. Dzineva and A. Skupnjak. Comparison of Artificial Neural Network and Mathematical Models for Drying of Apple Slices Pre-Treated with High Intensity Ultrasound..... 1372
- A. Kuzelov, M. Stojanovski and E. Milevska. Starter Cultures and Carrot Fiver Positively Affect on Weight Loss and Sensory Characteristics of Tea Sausage..... 1378
- H. K. Yildirim, Y. Akcay and E. Sozmen. Evaluation of Antioxidant/ Bioactivity Potential of *Myrtus communis* L. Products Using Multivariate Statistical Techniques..... 1384

**Animal Science**

- L. Nikolova. Impact of Some Technological Factors on the Growth of Carp Fish (Cyprinidae) Reared in Autochthonous Polyculture..... 1391
- G. O. Ozbakir and C. Firatli. Morphometric Classification of Honeybee Populations (*Apis mellifera* L.) along the Southeast Border of Turkey..... 1396
- H. Yilmaz and A. Koc. A Research on Milk Yield, Persistency, Milk Constituents and Somatic Cell Count of Red Holstein Cows Raised under Mediterranean Climatic Conditions..... 1401
- P. Ivanova, T. Trichkova, I. Dobrovolov and V. Nikolov. Allozyme Analysis of Gibel Carp *Carassius gibelio* (Bloch, 1782) Populations in Bulgaria..... 1408

**Veterinary Medicine**

- V. Doychev and G. Mihaylova. Effect of Flaxseed and Alpha Tocopherol Supplementation of Pig Diets on Fatty Acid Content and Lipid Oxidation Stability of *m. longissimus*..... 1416
- A. Pavlik, P. Slama, A. Knoll, A. Dufek, K. Kimura and J. Subrt. Effect of Missense Mutation of Leptin Gene on Serum Leptin Concentration and Some Blood Metabolic Parameters in Czech Pied Bulls..... 1425
- S. Bobos, L. Jovanovic-Panic, D. Trailovic, M. Pajic, Z. Rasic, M. Radinovic, A. Galfi and S. Simin. Concentration of Total Immunoglobulins in Blood and Milk of Periparturient Mares and Their Transfer to Foals Via Colostrum.... 1431

**Agricultural Technique**

- S. Rose-Meierhofer, H. Oz, A. Degirmencioglu, H. Bilgen, U. Strobel and R. Brunsch. Development of Vacuum Drop Prediction Functions in Conventional and Quarter Individual Milking Systems Using Response Surface Methodology..... 1437
- M. G. Dumitru, M. Nagi, M. E. Buculei, G. D. Picioarea, I. D. Hiticas and T. Stanciu. Use of Skin and Seed Extract from *Lycopersicon esculentum* for Increasing Biodiesel Oxidation Stability..... 1445
- F. A. Chandio, C. YI, A. A. Tagar, I. A. Mari, C. Arslan, D. M. Cuong and H. Fang. Effect of Loading Rate on Mechanical Characteristics of Wheat and Rice Straw..... 1452

**Forest Science**

- O. Topacoglu. Genetic Diversity among Populations in Black Pine (*Pinus nigra* Arnold. Subsp. *Pallasiana* (Lamb.) Holmboe) Seed Stands in Turkey..... 1459
