Contents

WATER AND SOIL

- El-Keblawy, A. & Abdelfatah, M.A. Impacts of native and invasive exotic *Prosopis* congeners on soil properties and associated flora in the arid United Arab Emirates 1
- Ries, J.B., Marzen, M., Iserloh, T. & Fister, W. Soil erosion in Mediterranean landscapes – Experimental investigation on crusted surfaces by means of the Portable Wind and Rainfall Simulator 42
- Loum, M., Viaud, V., Fouad, Y., Nicolas, H. & Walter, C. Retrospective and prospective dynamics of soil carbon sequestration in Sahelian agrosystems in Senegal 100
- Al-Busaidi, K.T.S., Buerkert, A. & Joergensen, R.G. Carbon and nitrogen mineralization at different salinity levels in Omani low organic matter soils 106

RANGELANDS AND GRAZING

- Muthoni, F.K., Groen, T.A., Skidmore, A.K. & van Oel, P. Ungulate herbivory overrides rainfall impacts on herbaceous regrowth and residual biomass in a key resource area 9
- Lohmann, D., Falk, T., Geissler, K., Blaum, N. & Jeltsch, F. Determinants of semi-arid rangeland management in a land reform setting in Namibia 23

LAND USE AND DEGRADATION

- Bai, J., Chen, X., Li, L., Luo, G. & Yu, Q. Quantifying the contributions of agricultural oasis expansion, management practices and climate change to net primary production and evapotranspiration in croplands in arid northwest China 31
- Easdale, M.H. & Domptail, S.E. Fate can be changed! Arid rangelands in a globalizing world – A complementary co-evolutionary perspective on the current ‘desert syndrome’ 52
- Hua, T., Wang, X., Lang, L. & Zhang, C. Variations in tree-ring width indices over the past three centuries and their associations with sandy desertification cycles in East Asia 93

FIRE

- Matula, R., Svátek, M. & Řepka, R. The effect of fire exclusion on the structure and tree mortality patterns of a caldén (*Prosopis caldenia* Burkart) woodland in semi-arid Central Argentina 72
- Clark, P.E., Lee, J., Ko, K., Nielson, R.M., Johnson, D.E., Ganskopp, D.C., Chigbrow, J., Pierson, F.B. & Hardegree, S.P. Prescribed fire effects on resource selection by cattle in mesic sagebrush steppe. Part 1: Spring grazing 78

RAINFALL

- Camarasa-Belmonte, A.M. & Soriano, J. Empirical study of extreme rainfall intensity in a semi-arid environment at different time scales 63

SHORT COMMUNICATIONS

- Burke, A. Natural recovery of dwarf shrubs following topsoil and vegetation clearing on gravel and sand plains in the southern Namib Desert 18
- Zeng, Y.J., Wang, Y.R., Baskin, C.C. & Baskin, J.M. Testing seed germination responses to water and salinity stresses to gain insight on suitable microhabitats for restoration of cold desert shrubs 89

REVIEW

- Walker, D.J., Lutts, S., Sánchez-García, M. & Correal, E. *Atriplex halimus* L.: Its biology and uses 111
