## Crop Production

- Features of the Photosynthetic Apparatus in Winter and Spring Wheat Plants with Different Cold Tolerance  
*Yu. V. Venzhik, V. V. Talanova, and A. F. Titov* 233
- Induction of Morphogenesis in Barley Callus Culture  
*I. G. Shirokikh, A. V. Bakulina, and G. A. Batalova* 237
- Developmental Stability of Buckwheat (*Fagopyrum esculentum* Moench.) after Treatment with Biostimulants of Plants  
*N. A. Saveljeva, E. E. Belova, D. A. Korotchenkov, O. S. Mishina, and A. A. Kolontsov<sup>†</sup>* 242
- Peculiar Properties of Pea Plant Selection for a High Content of Amylose in the Starch for Mature Seeds  
*A. N. Zelenov, I. V. Kondykov<sup>†</sup>, N. V. Shelepina, T. N. Suchkova, and N. N. Sulimova* 244
- Genetic Polymorphism of Initial Apple-Tree Shapes by Alleles of Genes Associated with Long Shelf Life and Fruit Quality  
*N. I. Savel'ev, I. N. Shamshin, and A. M. Kudryavtzev* 249
- Autogamy of Polyploid Apple Varieties and Forms  
*E. N. Sedov, G. A. Sedysheva, Z. M. Serova, and N. G. Gorbacheva* 253
- Evaluation of Heat Tolerance in Fruit Crop Varieties  
*T. N. Doroshenko and N. V. Zakharchuk* 257
- 

## Plant Protection

- Use of Biological Products in Corn Seed Farming  
*Z. P. Okazova and M. V. Efanov* 261
- 

## Agrochemistry. Soil Science

- Application of Complex Compost in the Course of Winter Wheat Cultivation  
*I. S. Belyuchenko and O. A. Mel'nik* 264
- Variation in Major Indices of Typical Black Soil Fertility under the Effect of Various Agrotechnical Methods  
*L. D. Stakhurlova, A. I. Gromovik, and G. M. Deriglazova* 267
- Features of Nitrogen Microorganism Assimilation of Perennial Grasses Phytomass in Soils of a Different Degree of Erosion  
*N. Ya. Shmyreva, O. A. Sokolov, and A. A. Zavalin* 271
- 

## Agriculture

- Effect of Presowing Tillage on Hydrophysical Properties of Soil and Winter Wheat Yield under Irrigated Conditions in Southern Kazakhstan  
*B. O. Amantaev, A. A. Kashkarov, D. A. Sidik, and A. I. Belenkov* 275
-

## Animal Husbandry

Influence of Extruded Carbamide Concentrates on Nitrogen Exchange and Meat Efficiency of Bull Calves

*V. I. Levakhin, B. Kh. Galiev, R. F. Mangutov,  
I. A. Rakhimzhanova, and R. Sh. Abdulgazizov*

278

Experience in a Breeding Program to Create a Flock of Sur Karakul Sheep of the New Surkhan Darya Type

*B. Zh. Asylbekov, A. I. Zhumadulaeva, R. Zh. Yermekbaeva,  
I. M. Makhatova, and S. K. Aidarbekova*

282

Ontochronic Index for Assessing and Predicting Growth of Birds

*V. P. Kovalenko<sup>†</sup> and I. Yu. Gorbatenko*

285

---

## Veterinary

Prospects of Schungite in Toxicology

*A. M. Tremasova, V. I. Dorozhkin, and K. Kh. Papunidi*

288

Therapeutic Effects of Anthelmintic Agents with Ribotan Immunomodulation

*O. I. Mamykova*

291

---

## Storage and Processing of Agricultural Products

Use of a Chloroform By-Product in Raw Fur and Hide Dressing Processes

*M. M. Mukhamedyanov and I. A. Plotnikov*

295

---

## Mechanization

Substantiation of the Technological Parameters and Operating Conditions of the Coulter Group of Ridge Seed Drill

*E. S. Zykin and V. I. Kurdyumov*

298
