

## CONTENTS

|   | Page |
|---|------|
| <b>Agricultural Economics</b>   |      |
| N. Galluzzo. Agroforestry Actions in Italy: An Economic Analysis using The European Database FADN.....  | 727  |
| A. Crncan, J. Kristic and K. Zmaic. Impact of EU Regulations on Investments in Croatian Table Egg Production and Its Competitiveness.....   | 734  |
| C. Ciutacu, L. Chivu and A. J. Vasile. Similarities and dissimilarities between the EU agricultural and rural development model and the Romanian agriculture. Challenges and perspectives.....  | 738  |
| S. A. Anang and T. Yanwen. Influence of Agricultural trade liberalization policies on poverty reduction among Ghanaian rural smallholder rice farmers.....  | 746  |
| A. A. Muhsen, F. Al-Muhim and M. Samir El-Habbab. Optimizing Geographical Distribution for Saudi Arabia Exports of Date Palm.....   | 754  |
| D. Nikolov, P. Borisov and T. Radev. Integrated Landscape Analysis: Consumers' Preferences Approach for Defining the Competitive Landscape Composition. A Case of Wine Tourism in Pazardjik District, Bulgaria....  | 761  |
| S. Cvetanovic, D. Despotovic, L. Zivkovic and V. Nedic. Environmental Dimension of Sustainable Competitiveness of Serbia and Selected European Countries.....   | 767  |
| <b>Ecology, Soil Science and Agrochemistry</b>  |      |
| P. Ragalyi, I. Kadar and P. Csontos. Effect of precipitation on the yield of hay meadows with contrasting nutrient supply.....  | 779  |
| He YUN-HE and Qiang SHENG. Analysis of Farmland Weeds Species Diversity and its Changes in the Different Cropping Systems.....  | 786  |
| B. Ljevnaic-Masic, A. Knezevic, D. Dzigurski and V. Ciric. Flora of Natural Pastures in the Bocar Area (Banat, Serbia) as a Bioindicator of Habitat Ecological Conditions.....  | 795  |
| S. Stefanou and A. Z. Papazafeiriou. The Effect of Soil Physical Properties of an Entisol on the Growth of Young Poplar Trees ( <i>Populus</i> sp.).....  | 807  |
| <b>Biotechnology</b>  |      |
| Zh. Dimitrov and I. Gotova. Assay of The Peptide Matter of Cheese during Ripening by Fast Size-Exclusion HPLC Method.....   | 813  |
| S. I. Rahmawati, K. Ishimaru, De-Xing Hou and N. Hayashi. Antioxidant and Anticancer Activities of Mistletoe Tea Prepared By High Temperature Extraction with Cyclodextrin.....   | 818  |
| F. Al Koaik, A. M. El-Waziry, A. I. Khalil, H. Metwally and M. A. Al-Mahasneh. Evaluation of <i>Conocarpus</i> ( <i>Conocarpus erectus</i> ) Leaves and Bermuda Grass ( <i>Cynodon dactylon</i> L.) Using Chemical Analysis and <i>In Vitro</i> Gas Production Technique..... | 824  |
| <b>Food Science and Technologies</b>  |      |
| I. Nacheva, M. Doneva, Y. Todorov, P. Metodieva, D. Miteva, K. Dimov and Tsv. Tsvetkov. Innovative Technologies for Creation of Probiotic Foods.....  | 830  |
| B. Er, B. Demirhan, S. Y. Bas, G. Yentur and A. B. Oktem. Determination of Histamine Levels in Canned Tuna Fish.....  | 834  |
| M. Perifanova-Nemska, G. Uzunova, V. Stoilova and D. Blazheva. Antioxidant activity of Bulgarian cotton seed oil and soapstock against DPPH radical.....  | 839  |
| <b>Plant Sciences</b>   |      |
| V. Roychev. Inheritance of the Colour of Berry Juice in Hybrid Combinations between Seeded and Seedless Vine Cultivars ( <i>Vitis vinifera</i> L.).....   | 843  |
| I. Tsvetkov, T. Dzhambazova, V. Kondakova and R. Batchvarova. Mycorrhizal fungi <i>Glomus</i> spp. and <i>Trichoderma</i> spp. in viticulture (Review).....   | 849  |
| A. Selamovska, E. Miskoska – Milevska, V. Dimovska and O. Najdenovska. The Variability of Fruit Characteristics of Traditional Pear Karamanka in Different Ecological Conditions.....   | 856  |

**CONTENTS (continued)****Page**

|  |     |
|--|-----|
| B. Konstantinovic, M. Blagojevic, Bo. Konstantinovic, N. Samardzic and B. Pejic. Vertical Distribution of Weed Seed Banks in Extensive and Intensive Methods of Grapevine Cultivation.....   | 860 |
| J. Bocianowski, A. Liersch and I. Bartkowiak-Broda. The relationship between different types of markers and glucosinolates content of parental lines of F <sub>1</sub> CMS <i>ogura</i> hybrids of winter oilseed rape ( <i>Brassica napus</i> L.).....  | 868 |
| J. Mladenovic, G. Acamovic - Đokovic, R. Pavlovic, M. Zdravkovic, Z. Girek and J. Zdravkovic. The Biologically Active (Bioactive) Compounds in Tomato ( <i>Lycopersicon esculentum</i> Mill.) as a Function of Genotype.....   | 877 |
| B. Turkyilmaz Unal, L. Y. Aktas and A. Guven. Effects of Salinity on Antioxidant Enzymes and Proline in Leaves of Barley Seedlings in Different Growth Stages.....   | 883 |
| M. Henschke, E. Kozik, E. Wojciechowska, M. Kozłowska, A. Błaszyk and K. Araszkiwicz. Influence of fertilizers of Osmocote type and top – dressing onto the growth and nutrition state of <i>Carex comans</i> Berggr. 'Frosted Curls'.....   | 888 |
| <b>Animal Science</b>  |     |
| M. Bonovska, K. Gurgulova, S. Takova and T. Savova. Molecular Diagnosis of American Foulbrood in Honeybee Brood in Bulgaria.....   | 899 |
| V. Georgieva, S. Chobanova, N. Todorov and D. Pavlov. Effect of Dietary Crude Fiber on Endogenous Dry Matter and Nitrogen Excretion in Cockerels.....  | 903 |
| L. Sladek and V. Mikule. Factors with an influence on a content of intramuscular fat in pork meat.....   | 909 |
| M. Boga, M. Gorgulu and A. Sahin. Effects of feeding methods, season and production level on lactation performance and feeding behaviour of dairy cows.....  | 915 |
| A. Tekeli, H. Rustu Kutlu and L. Celik. Dietary Inclusion of Grape Seed Oil in Functional Broiler Meat Production.....   | 924 |
| S. Senturklu, D. G. Landblom, K. Koch and G. A. Perry. Hay Substitution with a Field Pea-Based Blended RDP-Rup Compound Supplement Fed Daily or on Alternate Days to Gestating-Lactating Beef Cows.....  | 933 |
| M. J. Kim, R. Parvin, M. M. H. Mushtaq, J. H. Kim, D. W. Kim, H. K. Kang, J. C. Na, J. Hwangbo, C. D. Kim, K. O. Cho, C. B. Yang and H. C. Choi. Influence of Colored Light-Emitting Diode Illumination on the Growth Performance and Meat Quality Traits of Pekin Ducks ( <i>Anas iplatyrhynchos</i> )..... | 943 |
| A. Teneva, N. Tomlekova and G. Goujgoulova. Major features, mutation mechanism and development of microsatellites as genetic markers.....  | 949 |
| T. Hubenova, I. Iliev and A. Zaikov. Reproductive Biology of The Channel Catfish ( <i>Ictalurus punctatus</i> Raf.) Reared in Heated Water.....  | 957 |
| S. Nowaczewski, B. Kolanos, S. Krystianiak, H. Kontecka and M. T. Gorecki. Body Weight and Some Biometrical Traits of Grey Partridges ( <i>Perdix perdix</i> ) at Different Ages.....  | 962 |
| <b>Veterinary Medicine</b>   |     |
| D. Abadjieva, M. Chervenkov, R. Stefanov, N. Metodiev, E. Kistanova, D. Kacheva and E. Raycheva. Effect of breeding season on the kinematic parameters and morphology of ram' sperm from Synthetic Population Bulgarian Milk sheep breed.....  | 967 |
| <b>Agricultural Engineering</b>  |     |
| O. Sivanpheng, A. Kangrang and C. Chaleeraktragoon. Appraisal of Agricultural System in Laos PDR.....  | 973 |
| A. Imasheva, M. Otinshiev, D. Alikhanov and P. Daskalov. Development of Technology and Means of Cashmere Down Processing.....  | 980 |
| T. Yildiz and F. Kalkan. Some color and physical properties of pepino ( <i>Solanum muricatum</i> Aiton) fruit.....   | 988 |
