

## production

- 14 Raceway Systems Offer Tools For EMS/AHPN Management  
*Fernando Garcia, Fabrizio Vanoni, William Long, Dirk Lorenz-Meyer*
- 18 Development Of 1-Monoglycerides Against AHPN – Varied Trials Mark Continued Advances  
*Devi Hermsen*
- 22 'Caveat Emptor' Recommended For EMS/AHPN Management Solutions  
*Stephen G. Newman, Ph.D.*
- 24 Beneficial Microbes And Pathogen Control – Probiotics Quench Bacterial Quorum Sensing  
*Barbara Weber, Ph.D.; Gonçalo A. Santos, M.S.; Michaela Mohl, D.I. M.S.; Gerd Schatzmayr, Ph.D.*
- 28 Dietary Acidifier Potassium Diformate Improves Growth, Survival In *Pangasius*  
*Dr. Christian Lückstädt, Dr. Kai-Jens Kühlmann, Tho Minh Van*
- 30 Maximizing Profits Of Larval Shrimp Rearing – Trials Seek Best Balance Of *Artemia*, Artificial Diets  
*Eddy Naessens; Roeland Wouters, Ph.D.; Rattayaporn Phuthongphan; Erik Van Ballaer*
- 34 **Sustainable Aquaculture Practices**  
Hydrogen Sulfide Toxic, But Manageable  
*Claude E. Boyd, Ph.D.*
- 38 Potential Of YY Tilapia Male Technology  
*Dr. Adrian G. Hartley-Alcoer; Dr. Eric N. Bink, M.S.*
- 42 Mariculture In Rio De Janeiro, Brazil – Projects Include Hatchery, Demonstration Unit, IMTA System  
*Artur N. Rombenso, M.S.; Viviana Lisboa, Ph.D.; Luis André Sampaio, Ph.D.*

## marketplace

- 46 Legal Issues Affect Offshore Aquaculture Development  
*Katherine Hawes*
- 48 **Seafood and Health**  
Changing The Paradigm – Vive La Révolution!  
*Roy D. Palmer, FAICD*
- 51 Brazil Survey: Animal Welfare Perspectives Vary Between Producers, Researchers  
*Carlos Eduardo, M. Viegas da Silva, Rubens Nunes, Ana Beatriz Santos de Oliveira, Elisabete Maria Macedo Viegas*
- 54 Preparation, Management Techniques For Certification Audits  
*Scott E. Zimmerman, M.S., CP-FS*
- 58 **Food Safety And Technology**  
Temperature Affects Quality, Safety Of Quahog Clams  
*George J. Flick, Jr., Ph.D.; David D. Kuhn, Ph.D.*
- 62 **U.S. Seafood Markets**  
*Paul Brown, Jr.; Janice Brown; Angel Rubio*

### Page 25 **Beneficial Microbes And Pathogen Control**

Probiotics produce antimicrobial compounds and suppress pathogen proliferation by competing for adhesion sites and nutrients, and disrupting quorum sensing.

### Page 66 **'Boutique Fish Farms' In Brazil**

Brazil's favorable coastal conditions and affluent market for seafood could support expansion of a niche aquaculture sector: boutique farming.

## innovation

- 66 **Marine Fish Farming**  
'Boutique' Fish Farms – Environmentally Conscientious Aquaculture Concept Being Developed In Brazil  
*Daniel Benetti, Ph.D.*
- 70 Pea Products Offer Good Nutrition, Functional Attributes In Aquafeeds  
*Dr. George Collings*
- 72 **Aquaculturing Engineering**  
Unit Processes In RAS Systems – Aeration, Oxygenation  
*Thomas M. Losordo, Ph.D.*
