

CONTENTS

REVIEW ARTICLE

- 1 *Aloe vera*: a review update on advancement of *in vitro* culture
S. Gantait, U.R. Sinniah and P.K. Das

ORIGINAL ARTICLES

- 13 Mitigation of salt-induced oxidative damage in Chinese kale (*Brassica alboglabra* L.) using ascorbic acid
A. Tayebi-Meigooni, Y. Awang, A.R. Biggs, R. Mohamad, B. Madani and A. Ghasemzadeh
- 24 Effects of freeze-thaw cycles on phosphorus adsorption and desorption in the black soil of northeastern China
H. Fan, D. Huang, L. Zhou and Y. Jia
- 33 Effect of time of autumn primary tillage on soil structure, grain yield and risk of nitrogen leaching in two Swedish clay soils
Å. Myrbeck, J. Arvidsson and T. Keller
- 45 Effect of poor-quality irrigation water on potassium release from soils under long-term fertilization
L. Ruan, J. Zhang and X. Xin
- 56 Crop genotype-environment modelling to evaluate forage maize cultivars under climate variability
L. Nkurunziza, A. Kornher, M. Hetta, M. Halling, M. Weih and H. Eckersten
- 71 Comparative effects of chelants on plant growth, cadmium uptake and accumulation in nine cultivars of Ramie (*Boehmeria nivea*)
W. She, G.-X. Cui, Y.-C. Jie, Y.-C. Bai, Y. Cao and C.-X. Xiao
- 79 Soil allelochemical residue effects of nematic-BL and nemarioc-AL phytonematicides on soil health, growth of sweet sorghum and *Meloidogyne* species
P.W. Mashela and Z.P. Dube
- 85 Soil respiration of hot pepper (*Capsicum annuum* L.) under different mulching practices in a greenhouse, including controlling factors in China
L. Mu, Y. Liang, C. Zhang, K. Wang and G. Shi
