Vol. 47, No. 3, 2014

A simultaneous English language translation of this journal is available from Pleiades Publishing, Ltd.  
Distributed worldwide by Springer. *Eurasian Soil Science* ISSN 1064-2293.

---

---

## Genesis and Geograpy of Soils

The Effect of Digging Activity of Little Souslik on Soils of the First Terrace of Khaki Sor in the Botkul'sk–Khaki Depression

*N. P. Shabanova, M. P. Lebedeva (Verba), and A. V. Bykov*

141

---

## Soil Chemistry

Biogeochemistry of Heavy Metals in Contaminated Excessively Moistened Soils (Analytical Review)

*Yu. N. Vodyanitskii and I. O. Plekhanova*

153

Complexation of Mercury(II) Ions with Humic Acids in Tundra Soils

*R. S. Vasilevich, V. A. Beznosikov, E. D. Lodygin, and B. M. Kondratenok*

162

Effect of the Biota Diversity on the Composition of Low-Molecular-Weight Water-Soluble Organic Compounds in Southern Tundra Soils

*E. V. Shamrikova, O. S. Kubik, V. V. Punegov, and I. V. Gruzdev*

173

---

## Soil Biology

Analysis of Ecological Factors Limiting the Destruction of High-Moor Peat

*T. G. Dobrovol'skaya, A. V. Golovchenko, and D. G. Zvyagintsev*

182

Transformation of Microbial Cenoses in Soils of Light Coniferous Forests Caused by Cuttings and Fires in the Lower Angara River Basin

*A. V. Bogorodskaya, E. A. Kukavskaya, and G. A. Ivanova*

194

---

## Degradation, Rehabilitation, and Conservation of Soils

Long-Term Dynamics of the Anthropogenic Salinization of Soils in Moscow (by the Example of the Eastern District)

*E. M. Nikiforova, N. S. Kasimov, and N. E. Kosheleva*

203

Red Data Book of Eurasian Soils: Russia and Contiguous Countries

*E. D. Nikitin, E. B. Skvortsova, and E. P. Sabodina*

216
