Plant Cultivation

- Features of Transition of Perennial Grasses with Adaptive *Triticum*-Type Proteins into Anabiosis
A. S. Timoshchenko, V. F. Semikhov, L. O. Nurminskaya, and P. N. Kharchenko 1
- Comparative Analysis of the Efficiency of Nutrient Media for the Induction of Callus Formation for Rice Hybrids
Yu. K. Goncharova, E. M. Kharitonov, N. Yu. Bushman, and S. A. Vereshchagina 5
- Interspecific Potato Hybrids as a Resource for Late Blight Resistance Genes
E. V. Rogozina, V. A. Kolobaev, E. E. Khavkin, M. A. Kuznetsova, M. P. Beketova, and E. A. Sokolova 10
- Dark Respiration Rate of Transgenic Tomato Plants Expressing *FeSOD1* Gene under Chloride and Sulfate Salinity
Ye. N. Baranova, E. N. Akanov, A. A. Gulevich, L. V. Kurenina, S. A. Danilova, and M. R. Khaliluev 14
- Ethylene Content in Apple Leaves in Different Phases of Plant Growth and Development
V. A. Gudkovsky, Yu. B. Nazarov, L. V. Kozhina, and A. Ye. Balakirev 18
- Characteristics of Recombinant Lines of Lentil *L. culinaris* × *L. orientalis*
G. N. Suvorova and A. V. Ikonnikov 22
- Biochemical Characteristics of Hot Pepper Fruit Grown in Moscow Region
N. A. Golubkina, E. A. Dzhos, O.N. Pishnaya, M. I. Mamedov, and S. M. Nadezhkin 27
-

Plant Protection

- Characteristics of *Puccinia graminis* f. sp. *tratici* Population by Virulence in the North Caucasus Region of Russia
E. V. Sinyak, G. V. Volkova, and V. D. Nadykta 32
-

Fodder Production

- Ensiling High-Protein Perennial Grasses Using Enzyme Preparations
V. P. Klimenko and V. M. Kosolapov 35
-

Agroforestry Amelioration

- Response of Stony Steppe Tree Species to Climate Change (on the Occasion of the 120th Anniversary of V. V. Dokuchaev's Special Expedition)
V. S. Vavin and A. G. Akhtyamov 39
-

Ecology

- Heavy Metal Content in the Fields Protected by Forest Belts
I. F. Kargin, V. I. Kargin, S. N. Nemtsev, and S. V. Pugaev 43
-

Pedology

- Quality of Russian Soils for Agricultural Exploitation
A. L. Ivanov, I. Yu. Savin, and V. S. Stolbovoy 49
- Alteration of Agrochemical Indicators of Ordinary Chernozem and Yield of Coneflower Purple Plants under the Influence of Fertilizers
E. I. Simonovich, L. Yu. Goncharova, and E. I. Shimanskaya 54
- Changes in the Physical and Water Properties of the Plow Layer of Ordinary Chernozem Soil during Application of Complex Manure
I. S. Belyuchenko and D. A. Slavgorodskaya 57
- Effect of Phytomelioration on Primorskii Krai Agroabrazems
L. N. Purtova, L. N. Shchapova, A. N. Emelyanov, and S. N. Inshakova 60
-

Animal Husbandry

- Association of Polymorphisms in Sire KCNQ3 Potassium Voltage-Gated Channel Gene with Cow Milk-Fat Content
M. G. Smaragdov, J. V. Mukiy, and V. A. Stekolnikova 64
- Distribution of Microelements in Goats
N. N. Isamov, N. N. Isamov, Jr., O. S. Gubareva, E. V. Sidorova, and V. N. Isakova 67
-

Veterinary

- Microenvironmental Characteristics of Intestinal Biocenosis in Calves with Syndrome of Hypotrophy
*A. G. Shakhov, L. Yu. Sashnina, D. V. Fedosov,
T. A. Erina, and Yu. N. Alekhin* 70
- Flyblock Test Preparation for Cows against Bloodsucking Insects
*F. I. Vasilevich, S. V. Engashev, V. I. Kolesnikov,
P. A. Lemekhov, and M. D. Novak* 73
-

Hydraulic Engineering

- Evaluation of Reliability of Water Delivery by Water Supply Systems
S. N. Karambirov, D. A. Manukyan, and L. B. Bekisheva 76
-
-
