

# WETLANDS

Volume 34 · Number 2 · April 2014

SPECIAL FEATURE ARTICLES: FUNCTION,  
CLASSIFICATION AND MANAGEMENT  
OF ASIAN WETLANDS

GUEST EDITORS: D. PHIL TURNIPSEED &  
BETH A. MIDDLETON

**Foreword: Function, Classification and Management  
of Asian Wetlands**

D.P. Turnipseed · B.A. Middleton 211

**Abundance of Methanogens, Methanotrophic Bacteria,  
and Denitrifiers in Rice Paddy Soils**

J. Seo · I. Jang · G. Gebauer · H. Kang 213

**Ecosystem Respiration Does not Differ Before and After  
Tidal Inundation in Brackish Marshes of the Min  
River Estuary, Southeast China**

C. Tong · C. Wang · J.F. Huang · W.Q. Wang ·  
Y. E · J. Liao · C. Yao 225

**Soil Organic Carbon and its Fractions in Relation  
to Degradation and Restoration of Wetlands  
on the Zoigê Plateau, China**

J. Gao · X. Zhang · G. Lei · G. Wang 235

**Improving Winter Performance of Constructed  
Wetlands for Wastewater Treatment in Northern  
China: A Review**

Y. Yan · J. Xu 243

**The Habitat Use and Home Range Analysis of Dunlin  
(*Calidris alpina*) in Chongming Dongtan, China  
and their Conservation Implications**

C. Choi · X. Gan · N. Hua · Y. Wang · Z. Ma 255

**Modeling the Spatial Distribution of *Carex pseudocuraica*  
in a Freshwater Marsh, Northeast China**

C. Jiao · D. Zhou 267

**Mapping China's mangroves based on an object-oriented  
classification of Landsat imagery**

M. Jia · Z. Wang · L. Li · K. Song · C. Ren ·  
B. Liu · D. Mao 277

**Impacts of Agricultural Drainage Outlets on Great  
Lakes Coastal Wetlands**

N.T. Schock · B.A. Murry · D.G. Uzarski 297

**Distribution, Diversity and Ecological Characteristics  
of Freshwater Ostracoda (Crustacea) in Shallow  
Aquatic Bodies of the Ankara Region, Turkey**

S. Uçak · O. Külköylüoğlu · D. Akdemir · E. Başak 309

**Influence of Inundation Depth on *Typha domingensis*  
and its Implication for Phosphorus Removal in the  
Everglades Stormwater Treatment Area**

H. Chen · K. Vaughan 325

**Wetland Loss in Hawai'i Since Human Settlement**

C.B. Van Rees · J.M. Reed 335

**Weak Relationships Between Environmental Factors  
and Invertebrate Communities in Constructed Wetlands**

L.E. Culler · R.F. Smith · W.O. Lamp 351

**A Visual Obstruction Method to Estimate Wet Meadow  
Aboveground Biomass in Marshes of the Boreal  
Plains, Canada**

D. Raab · R.C. Rooney · S.E. Bayley 363

**Ecology of Native vs. Introduced *Phragmites australis*  
(Common Reed) in Chicago-Area Wetlands**

A.L. Price · J.B. Fant · D.J. Larkin 369

**Estimation of Carbon Stocks in *Avicennia marina* Stand  
Using Allometry, CHN Analysis, and GIS Methods**

V. Patil · A. Singh · N. Naik · S. Unnikrishnan 379

**Aboveground Vegetation Influences Belowground  
Microeukaryotic Community in a Mangrove  
Nature Reserve**

Z. Yu · J. Yang · X. Yu · L. Liu · Y. Tian 393

**Specific Archaeal Communities are Selected on the Root  
Surfaces of *Ruppia* spp. and *Phragmites australis***

M. Llírsos · R. Trias · C. Borrego · L. Bañeras 403

## ARTICLES

**Autochthonous and Allochthonous Carbon Cycling  
in a Eutrophic Flow-Through Wetland**

J.J. Maynard · R.A. Dahlgren · A.T. O'Geen 285
