

## CONTENTS

Volume 45 November 2014

- 1 Effect of fat and salt reduction on the sensory quality of slow fermented sausages inoculated with *Debaryomyces hansenii* yeast  
S. CORRAL, A. SALVADOR, C. BELLOCH & M. FLORES (Spain)
- 8 Control of citrus blue mold by the antagonist yeast *Pichia guilliermondii* Z1: Compatibility with commercial fruit waxes and putative mechanisms of action  
R. LAHLALI (Belgium), Y. HAMADI, R. DRIDER (Belgium, Morocco), C. MISSON (Belgium), M. EL GUILLI (Morocco) & M.H. JIAKLI (Belgium)
- 16 Identification, heat resistance and growth potential of mesophilic spore-forming bacteria isolated from Algerian retail packaged couscous  
M. ZIANE (Algeria), N. DESRIAC, P. LE CHEVALIER, O. COUVERT (France), B. MOUSSA-BOUDJEMAA (Algeria) & I. LEGUERINEL (France)
- 22 Rheological, physicochemical and authenticity assessment of Minas Frescal cheese  
R.B. MAGENIS, E.S. PRUDÊNCIO, C.B. FRITZEN-FREIRE, M.P. STEPHAN, A. SILVIO DO EGITO & H. DAGUER (Brazil)
- 29 Multimycotoxin analysis of sorghum (*Sorghum bicolor* L. Moench) and finger millet (*Eleusine coracana* L. Garten) from Ethiopia  
A. CHALA, W. TAYE, A. AYALEW (Ethiopia), R. KRŠKA (Italy), M. SULYOK (Austria) & A. LOGRIECO (Italy)
- 36 Decontamination by ultrasound application in fresh fruits and vegetables  
J.F.B. SÃO JOSÉ, N.J. ANDRADE, A.M. RAMOS, M.C.D. VANETTI, P.C. STRINGHETA & J.B.P. CHAVES (Brazil)
- 51 Occurrence and risk assessment of zearalenone in flours from Portuguese and Dutch markets  
J.R. ALDANA (Portugal, Spain), L.J.G. SILVA, A. PENA (Portugal), J. MAÑES V. (Spain) & C.M. LINO (Portugal)
- 56 Octanal incorporated in postharvest wax of Satsuma mandarin fruit as a botanical fungicide against *Penicillium digitatum*  
N. TAO, F. FAN, L. JIA & M. ZHANG (PR China)
- 62 Autoinducer-2 associated inhibition by *Lactobacillus sakei* NR28 reduces virulence of enterohaemorrhagic *Escherichia coli* O157:H7  
H. PARK, S. YEO, Y. JI, J. LEE, J. YANG, S. PARK, H. SHIN & W. HOLZAPFEL (Republic of Korea)
- 70 Identification of Pacific white shrimp (*Litopenaeus vannamei*) to rearing location using elemental profiling  
L. LI, C.E. BOYD & J. ODOM (USA)
- 76 What consumers expect from food control and what they get – A case study of the microbial quality of sushi bars in Denmark  
J.J. LEISNER, T.B. LUND, E.A. FRANDBSEN, N.B.E. ANDERSEN, L. FREDSLUND, V.P.T. NGUYEN & T. KRISTIANSEN (Denmark)
- 81 Identification of the *Dekkera bruxellensis* phenolic acid decarboxylase (*PAD*) gene responsible for wine spoilage  
L. GODOY, V. GARCÍA, R. PEÑA, C. MARTÍNEZ & M.A. GANGA (Chile)

(Contents continued on next page)

- 87 Investigation of the food value chain of ready-to-eat chicken and the associated risk for staphylococcal food poisoning in Tshwane Metropole, South Africa  
J.W. OGUTTU, C.M.E. MCCRINDLE (South Africa), K. MAKITA (Kenya, Japan) & D. GRACE (Kenya)
- 95 Current methods for seafood authenticity testing in Europe: Is there a need for harmonisation?  
A.M. GRIFFITHS (UK), C.G. SOTELO (Spain), R. MENDES (Portugal), R.I. PÉREZ-MARTÍN (Spain), U. SCHRÖDER (Germany), M. SHORTEN (Ireland), H.A. SILVA (Portugal), V. VERREZ-BAGNIS (France) & S. MARIANI (UK)
- 101 Diminution of aflatoxin B<sub>1</sub> production caused by an active packaging containing cinnamon essential oil  
S. MANSO, D. PEZO, R. GÓMEZ-LUS & C. NERÍN (Spain)
- 109 Temperature control efficacy of retail refrigeration equipment  
J. LUNDÉN, V. VANHANEN, T. MYLLYMÄKI, E. LAAMANEN, K. KOTILAINEN & K. HEMMINKI (Finland)
- 115 Ochratoxin A production by *Aspergillus niger*. Effect of water activity and a biopreserver formulated with *Lactobacillus plantarum* CRL 778  
C.L. GEREZ, A. DALLAGNOL, L. PONSONE, S. CHULZE & G. FONT DE VALDEZ (Argentina)
- 120 Quantitative risk assessment of *Mycobacterium avium* subsp. *paratuberculosis* survival in pasteurized milk in three dairy plants in Italy  
A. SERRAINO, P. BONILAURI, N. ARRIGONI, F. OSTANELLO, M. RICCHI, G. MARCHETTI, E. BONFANTE, S. ALBONETTI & F. GIACOMETTI (Italy)
- 127 A qualitative risk assessment of the microbiological risks to consumers from the production and consumption of uneviscerated and eviscerated small game birds in the UK  
V. HORIGAN, R.H. DAVIES, L.A. KELLY, G.C. MEAD, R.M. IRVINE & R.R.L. SIMONS (UK)
- 138 Immunomagnetic nanobeads based on a streptavidin-biotin system for the highly efficient and specific separation of *Listeria monocytogenes*  
S. SHAN, Z. ZHONG, W. LAI, Y. XIONG, X. CUI & D. LIU (China)
- 143 Comparative study of thermal inactivation kinetics of *Salmonella* spp. in peanut butter and peanut butter spread  
C.C. LI (China), L. HUANG (USA) & J. CHEN (China)
- 150 A survey on the occurrence of aflatoxin M<sub>1</sub> in raw milk produced in Adana province of Turkey  
O. GOLGE (Turkey)
- 156 Radiosensitization of *Aspergillus niger* and *Penicillium chrysogenum* using basil essential oil and ionizing radiation for food decontamination  
F. HOSSAIN (Canada), P. FOLLETT (USA), K.D. VU, S. SALMIERI, C. SENOSSI & M. LACROIX (Canada)
