Plant Cultivation

- Breeding of Winter Wheat for Resistance to Biotic and Abiotic Factors under Conditions of the Middle Povolzhye
V. V. Glukhovisev, G. Ya. Maslova, Yu. P. Borisenkov, and N. I. Kitlyarova 81
- Physiological and Genetic Study of Isogenic Lines of Spring Soft Wheat Differing in Color and Spinous Ear and Having Weak Photoperiodic Sensitivity
V. A. Koshkin, Ye. K. Potokina, A. A. Koshkina, I. I. Matvienko, L. A. Bespalova, T. I. Gritsai, and Ye. A. Guenkova 84
- Influence of Landscape on the Yield Structure of Barley
D. A. Ivanov, N. G. Kovalev, O. N. Antsiferova, O. V. Karaseva, and M. V. Rublyuk 89
- Environmental Strain Testing of Soybean Varieties Adapted to Local Soil-Climatic Conditions in South Kazakhstan
A. D. Karabolaeva and N. O. Turganbaev 93
- Spontaneous Tomato Fruit Size, Shape, and Weight Mutations and Traits Evolution
A. Yu. Avdeyev, O. P. Kigashpaeva, Yu. I. Avdeyev, and L. M. Ivanova 96
- Growth in the UV-A Irradiation Resistance of the Photosynthetic Apparatus of Lettuce Seedlings as a Result of Activation of Phytochrome B
V. D. Kreslavski, V. Yu. Lyubimov, N. I. Shabnova, G. N. Shirshikova, A. N. Shmarev, and A. A. Kosobryukhov 100
- Differentiation of Garden Pea Varieties by Adaptive Capacity under Conditions of the Tyumen Oblast
N. S. Tsiganok, O. I. Bezhanidze, L. V. Krivenkov, and V. N. Ushakov 104
- Phyto- and Genotoxic Effects of Copper on Fodder Beans
L. I. Goncharova, P. N. Tsygvintsev, L. A. Lyubimova, and V. M. Rachkova 108
- QSAR in the Study of Mechanisms of Biological Activity of Acetone in vitro
I. Yu. Gorbatenko, K. V. Shamraev, L. N. Mikhalskaya, and V. V. Schwartz 112
-

Plant Protection

- Greenbug Resistance in Barley Accessions from East and South Asia
E. E. Radchenko, T. L. Kuznetsova, I. A. Zveinek, and O. N. Kovaleva 117
-

Agrochemistry. Soil Science

- Periodicity of Liming in the Course of the Cultivation of Sod Podzol Middle Loamy Soil
V. G. Mineev and N. F. Gomonova[†] 121
- Raising the Accuracy of Dispersion Analysis in Results of Field Experiments
R. A. Afanasiev 126
-

Ecology

Human-Caused Effect on the Content of Organic Substances in the Water of Rice Fields

O. A. Gutorova and A. Kh. Sheudzhen

129

Modeling

Geo Information Analysis of Soil Covers in Tambov Oblast

I. Yu. Savin, Yu. V. Trunov, Ye. M. Tsukanova, A. V. Solovyov, and S. V. Ovechkin

132

Speed Estimation of Increase of Biomass Crops

S. E. Vitkovskaya, V. F. Drichko[†], and O. V. Hofman

136

Animal Husbandry

Natural Resistance and Productivity of Local and Imported Pig Breeds

*V. P. Rybalko, V. V. Semenov, V. I. Lozovoi, E. I. Serdyukov,
L. V. Kononova, and O. V. Pluzhnikova*

140

State of Coagulation and Vascular Interactions in Newborn Calves with Iron Deficiency after Ferroglycinum Intramuscular Injection and Glicopin Introduction

S. Yu. Zavalishina

143

Age-Related Changes in Quail Meat

L. I. Lisunova, V. S. Tokarev, and Yu. V. Gorbachenko

146

Veterinary

Capability of Bovine and Human Leukemia Viruses for Interspecies Transfer

B. V. Syomin, I. M. Donnik, and A. Ya. Samylenko

149

Immunobiological Properties of Reovirus Type I

M. A. Efimova, A. V. Ivanov, Kh. Z. Gaffarov, and O. V. Moskvichev

153

Avian Hepatitis E Virus

*T. I. Lapina, A. I. Klimenko, O. I. Tokarev, E. E. Kostina,
L. A. Lyashchenko, and E. N. Krashennnikova*

157

Physicochemical and Immunodiagnostic Characteristics of Whole and Fractionated Somatic Extract of *Dirofilaria immitis*

*V. K. Berezhko, L. A. Napisanova, A. Yu. Medvedev, K. A. Khaidarov,
A. N. Shinkarenko, and P. V. Kolesnikov*
