

Compost Science & Utilization

Volume 22, Number 2, 2014

CONTENTS

ARTICLES

- Water Retention and Repellency of a Sandy Soil Amended with Municipal Compost 47
Tomasz Głab
- Nitrogen Budgets Following Land Application of Composted or Stockpiled Feedlot Manure Containing Wood-Chips or Straw Bedding to Barley Silage for 12 Years 57
J. J. Miller, B. W. Beasley, C. F. Drury, F. J. Larney, and X. Hao
- Vermicomposting of Anaerobically Digested Sewage Sludge with Hazelnut Husk and Cow Manure by Earthworm *Eisenia foetida* 68
Rıdvan Kızılkaya and F. Şüheyda Hepşen Türkay
- Vermicompost and Fertilizer Application: Effect on Productivity and Profitability of Baby Corn (*Zea Mays* L.) and Soil Health 83
Ravi Chandra Sharma and Pabitra Banik
- Modification and Industrial Applicability of a Temperature Probe Capable of Tracking Compost Temperature on a Random Particle Level 93
Pulat Isobaev, Kristine M. Wichuk, and Daryl McCartney
