

# NEMATOTOLOGY 16 (6), 2014

## CONTENTS

### Articles

- WEBER, S. & TRAUNSPURGER, W.— Consumption and prey size selection of the nematode *Caenorhabditis elegans* by different juvenile stages of freshwater fish . . . . . 631-641
- HUMPHREYS-PEREIRA, D.A., FLORES-CHAVES, L., GÓMEZ, M., SALAZAR, L., GÓMEZ-ALPÍZAR, L. & ELLING, A.A.— *Meloidogyne lopezi* n. sp. (Nematoda: Meloidogynidae), a new root-knot nematode associated with coffee (*Coffea arabica* L.) in Costa Rica, its diagnosis and phylogenetic relationship with other coffee-parasitising *Meloidogyne* species . . . . . 643-661
- SON, J.A., HOGETSU, T. & MOON, Y.-S.— The process of epithelial cell death in *Pinus thunbergii* caused by the pine wood nematode, *Bursaphelenchus xylophilus* . . . . . 663-668
- DINH, P.T.Y., ZHANG, L., BROWN, C.R. & ELLING, A.A.— Plant-mediated RNA interference of effector gene *Mc16D10L* confers resistance against *Meloidogyne chitwoodi* in diverse genetic backgrounds of potato and reduces pathogenicity of nematode offspring . . . . . 669-682
- KANZAKI, N., GIBLIN-DAVIS, R.M., CARRILLO, D., DUNCAN, R. & GONZALEZ, R.— *Bursaphelenchus penai* n. sp. (Tylenchomorpha: Aphelenchoididae), a phoretic associate of ambrosia beetles (Coleoptera: Scolytinae) from avocado in Florida . . . . . 683-693
- RAGSDALE, E.J., KANZAKI, N. & SOMMER, R.J.— *Levipalatum texanum* n. gen., n. sp. (Nematoda: Diplogastridae), an androdioecious species from the south-eastern USA . . . . 695-709
- PARAJULI, G., KEMERAIT, R. & TIMPER, P.— Improving suppression of *Meloidogyne* spp. by *Purpureocillium lilacinum* strain 251 . . . . . 711-717
- ZADJI, L., BAIMEY, H., AFOUDA, L., MOENS, M. & DECRAEMER, W.— Comparative susceptibility of *Macrotermes bellicosus* and *Trinervitermes occidentalis* (Isoptera: Termitidae) to entomopathogenic nematodes from Benin . . . . . 719-727
- SHARIFI, S., KARIMI, J., HOSSEINI, M. & REZAPANAH, M.— Efficacy of two entomopathogenic nematode species as potential biocontrol agents against the rosaceae longhorned beetle, *Osphranteria coerulescens*, under laboratory conditions . . . . . 729-737

### Short communications

- ČERMÁK, V., VIEIRA, P., ČUDEJKOVÁ, M., GAAR, V., TOMÁNKOVÁ, K., MIKUŠKOVÁ, K., EISENBACK, J.D. & MOTA, M.— *Bursaphelenchus hofmanni* Braasch, 1998 associated with peat growth substrate in hops nurseries in the Czech Republic . . . . . 739-742
- KANZAKI, N. & AKIBA, M.— Isolation of *Bursaphelenchus mucronatus kolymensis* from *Monochamus nitens* from Japan . . . . . 743-745

### Book review

- HUNT, D.J.— The Pratylenchidae of the world. Identification of the family Pratylenchidae (Nematoda: Tylenchida) . . . . . 747-748

### Obituary

- Dewey John Raski (1917-2014) . . . . . 749-750
