

INTERNATIONAL JOURNAL OF TROPICAL INSECT SCIENCE

Volume 34 Number 3 September 2014

Review Article

Patterns of morphology in carabid beetles (Coleoptera: Carabidae) along a Neotropical altitudinal gradient

S. A. Maveety and R. A. Browne

157

Research Papers

Gut protease profiles of different instars of *Helicoverpa armigera* (Lepidoptera: Noctuidae)

L. Kipgen and K.K. Aggarwal

172

Biology, damage and parasitoids of the *Eucalyptus* gall wasp, *Leptocybe invasa* (Hymenoptera: Eulophidae), infesting *Eucalyptus camaldulensis* (Myrtaceae) in Maragamuwa plantation, Sri Lanka

U.K.S.K. Udagedara and W.A.I.P. Karunaratne

179

Susceptibility of developmental stages of *Tetranychus urticae* (Acari: Tetranychidae) to infection by *Beauveria bassiana* and *Metarhizium anisopliae* (Hypocreales: Clavicipitaceae)

D.M. Bugeme, M. Knapp, H.I. Boga, S. Ekesi and N.K. Maniania

190

Attraction of pest thrips (Thysanoptera: Thripidae) infesting French beans to coloured sticky traps with Lurem-TR and its utility for monitoring thrips populations

A.M. Muvea, M.M. Waiganjo, H.L. Kutima, Z. Osieno, J.O. Nyasani and S. Subramanian

197

A comparative study of haemocytes in three cyclorrhaphous dipteran flies

R. Pal and K. Kumar

207

Short Communication

Effects of potassium chloride and potassium sulphate on the efficacy of insecticides against infestation by *Helopeltis theivora* (Heteroptera: Miridae) in tea plantations

A. Rahman, S. Roy, N.N. Muraleedharan and A.K. Phukan

217
