

CONTENTS

Research Reports

- Effect of lasalocid or salinomycin administration on performance and immunity following coccidia vaccination of commercial broilers**
Greg Mathis, Jon Schaeffer, Kalen Cookson, John Dickson, Mark LaVorgna, and Don Waldrip 577
- Performance and carcass characteristics of Delaware chickens in comparison with broilers**
B. A. McCrea, A. F. Mills, K. Matthews, and J. Hutson 586
- Feeding programs and their effects on broiler performance and economic indexes**
R. B. Trevisan, V. S. Nakagi, P. T. Bravo, and D. E. Faria 593
- Effect of excess dietary threonine on laying performance, egg quality, serum free amino acids, and digestive enzymes activities of laying hens during the postpeak period**
M. M. M. Azzam, C. Yuan, G. H. Liu, and X. T. Zou 605
- Cassava root chips and *Moringa oleifera* leaf meal as alternative feed ingredients in the layer ration**
Etalem B. Tesfaye, Getachew M. Animut, Mengistu L. Urge, and Tadelle A. Dessie 614
- Systematic evaluation of in-house broiler litter windrowing effects on production benefits and environmental impact**
Y. Liang, J. B. Payne, C. Penn, G. T. Tabler, S. E. Watkins, K. W. VanDevender, and J. L. Purswell 625
- Assessment of diet formulation strategies that improve crumble quality and poult performance**
K. G. S. Wamsley and J. S. Moritz 639
- Late laying hens deposit dietary antioxidants preferentially in the egg and not in the body**
Y. Loetscher, M. Kreuzer, and R. E. Messikommer 647
- Dietary supplementation of phenyllactic acid on growth performance, immune response, cecal microbial population, and meat quality attributes of broiler chickens**
D. W. Kim, J. H. Kim, H. K. Kang, N. Akter, M. J. Kim, J. C. Na, J. Hwangbo, S. W. You, H. C. Choi, O. S. Suh, and H. M. Salim 661
- Use of blends of organic acids and oregano extracts in feed and water of broiler chickens to control *Salmonella* Enteritidis persistence in the crop and ceca of experimentally infected birds**
P. C. Machado Junior, B. C. B. Beirão, T. Fernandes Filho, M. C. Lourenço, M. L. Joineau, E. Santin, and L. F. Caron 671

Digestible valine-to-digestible lysine ratios in brown commercial layer diets G. R. Lelis, L. F. T. Albino, F. C. Tavernari, A. A. Calderano, H. S. Rostagno, V. R. S. M. Barros, and R. C. Maia	683
Broiler responses to feeds formulated with or without minimum crude protein restrictions and using supplemental L-valine and L-isoleucine D. J. A. Miranda, S. L. Vieira, C. R. Angel, H. V. Rios, A. Favero, and E. T. Nogueira	691
Effect of increasing supplemental phytase concentration in diets fed to Hubbard × Cobb 500 male broilers from 1 to 42 days of age A. Campasino, T. York, C. Wyatt, M. R. Bedford, and W. A. Dozier III	705
Evaluation of beta-mannanase and nonstarch polysaccharide-degrading enzyme inclusion separately or intermittently in reduced energy diets fed to male broilers on performance parameters and carcass yield M. P. Williams, B. Brown, S. Rao, and J. T. Lee	715
Nutritional requirement of digestible threonine for white egg layers of 60 to 76 weeks of age Anilma Sampaio Cardoso, Fernando Guilherme Perazzo Costa, Matheus Ramalho de Lima, Eduardo Terra Nogueira, Clariana Silva Santos, Rafael Barboza de Sousa, Raffaella Castro Lima, and Danilo Vargas Gonçalves Vieira	724
Nutritional requirement of digestible tryptophan for white-egg layers of 60 to 76 weeks of age Anilma Sampaio Cardoso, Fernando Guilherme Perazzo Costa, José Humberto Vilar da Silva, Edilson Paes Saraiva, Eduardo Terra Nogueira, Clariana Silva Santos, Matheus Ramalho de Lima, and Danilo Vargas Gonçalves Vieira	729
Characterization of Pekin duck drinking and preening behaviors and comparison when housed on raised plastic versus pine litter flooring M. Rice, A. Meelker, S. M. Fraley, and G. S. Fraley	735
Razor blade shear method for evaluating duck breast meat and tendon texture D. P. Smith, J. K. Northcutt, and M. A. Parisi	742
Field Reports	
An investigation of a reported case of white striping in broilers T. Z. Ferreira, R. A. Casagrande, S. L. Vieira, D. Driemeier, and L. Kindlein	748
Incidence of white striping under commercial conditions in medium and heavy broiler chickens in Italy M. Lorenzi, S. Mudalal, C. Cavani, and M. Petracci	754
The length of storage of emu eggs and resultant effects on hatchability Zachary Lowman and Carmen Parkhurst	759
Effect of ventilation on distributions, concentrations, and emissions of air pollutants in a manure-belt layer house ZhePeng Wang, Teng Gao, ZhiQiang Jiang, YuNa Min, JinXin Mo, and YuPeng Gao	763
The effect of maternal vitamin D source on broiler hatching egg quality, hatchability, and progeny bone mineral density and performance J. L. Saunders-Blades and D. R. Korver	773

Review Article

Ostrich meat: Production, quality parameters, and nutritional comparison to other types of meats

H. Al-Khalifa and A. Al-Naser

784

Errata

Erratum to “The effects of maternal dietary lysine intake on offspring performance to 21 days of age” (J. Appl. Poult. Res. 22:238–244)

M. Ciacciarrello, N. C. Tyler, and T. L. Khetani

791

Erratum to “Induction of maggot antimicrobial peptides and treatment effect in *Salmonella pullorum*-infected chickens” (J. Appl. Poult. Res. 23:376–383)

Gang Zhou, Jungang Wang, Xiaoqi Zhu, Yufei Wu, Mingming Gao, and Hong Shen
