

Communications in Soil Science and Plant Analysis Volume 45, Issue 14, 2014

Original Articles

Effects of Lead on Iron, Manganese, and Zinc Concentrations in Different Varieties of Maize (*Zea mays*)

Mehdi Tafvizi & Babak Motesharezadeh

pages 1853-1865

Phosphorus Composition and Phosphatase Activities in Soils Affected by Long-Term Application of Pig Manure and Inorganic Fertilizers

Guangna Zhang, Zhenhua Chen, Aiming Zhang, Lijun Chen, Zhijie Wu & Xingzhu Ma

pages 1866-187

Development of Critical Values for the Leaf Color Chart, SPAD and Fieldscout CM 1000 for Fixed Time Adjustable Nitrogen Management in Aromatic Hybrid Rice (*Oryza sativa* L.)

G. R. Mahajan, R. N. Pandey, Dinesh Kumar, S. C. Datta, R. N. Sahoo & Rajender Parsad

pages 1877-1893

Winter Wheat Quality Responses to Water, Environment, and Nitrogen Fertilization

Hyejin Park, David E. Clay, Robert G. Hall, Jai S. Rohila, Tulsi P. Kharel, Sharon A. Clay & Sanghun Lee

pages 1894-1905

Fate of Carbon in Water-Stable Aggregates during Decomposition of ¹³C-Labeled Corn Straw

Doongar R. Chaudhary, Jyotisna Saxena & Richard P. Dick

pages 1906-1917

Effects of Exogenous Silicon on Cadmium Accumulation and Biological Responses of *Nigella sativa* L. (Black Cumin)

Javad Sharifi Rad, Majid Sharifi Rad & Jaime A. Teixeira da Silva

pages 1918-1933

**Scaling Up of Pulse Production under Frontline Demonstration
Technology Transfer Program in Himachal Himalayas, India**

Anil Kumar Choudhary & V. K. Suri

pages 1934-1948

**Effects of Salt Stress on Growth, Ion Concentration, and Quality of
Pineapple Fruits**

Chuanhe Liu & Jiezhong Chen

pages 1949-1960

**Accumulation of Mn in Leaves of *Rosmarinus officinalis* Cultivated in
Substrates of Pine Bark**

Y. Tapia, O. Salazar, F. Nájera, A. Gárate, E. Eymar & A. Masaguer

p. 1961-1973

**Ion-Selective Electrode Offers Accurate, Inexpensive Method for
Analyzing Soil Solution Nitrate in Remote Regions**

Katherine L. Tully & Ray Weil

pages 1974-1980
