## Plant Growing

- Evaluation of the Grain Antioxidant Activity of Winter Rye Varieties  
*A. A. Goncharenko and A. S. Timoshchenko*<sup>†</sup> 303
- Improved Evaluation Methods of Rice Breeding Material  
*E. M. Kharitonov, Yu. K. Goncharova, and A. N. Ivanov* 309
- Influence of Ions of Heavy Metals on Action of Genetic Systems of Microdistribution of Plastic Substances in an Ear/Panicle of Barley and Oats  
*E. M. Lisitsyn* 313
- Alternative Method in Technology of Establishing Irrigated Fruit Plantations  
*B. S. Gegechkory, S. Yu. Orlenko, and A. P. Zadorozhny* 317
- Creation of Initial Material for the Adaptive Selection of Garden Chrysanthemum (*Chrysanthemum hortorum* Bailey) in the Russian Far East  
*A. I. Nedoluzhko* 320
- 

## Plant Protection

- Results of Monitoring for Viral Infection of Potato in the South of Primorye Territory from 2002 to 2012  
*Yu. G. Volkov, N. N. Kakareka, Z. N. Kozlovskaya, and T. I. Pleshakova* 323
- Genetic Similarity and Differences Between the *Orobanche cumana* Wallr. Populations from Russia, Kazakhstan, and Romania Revealed Using the Markers of Simple Sequence Repeat  
*S. Z. Guchetl, T. S. Antonova, and T. A. Tchelustnikova* 326
- 

## Fodder Production

- Indicator Traits for Classifying Forage Soybean Varieties According to Purposeful Use (Hay, Silage, Green Fodder)  
*M. O. Burlyaeva, L. L. Malyshev, and M. A. Vishnyakova* 331
- Dynamics of the Structure and Functioning of a Multicomponent Forage Phytocenose with an Agrosteppe Basis  
*D. S. Dzybov and T. D. Shlykova* 335
- Effects of Planting Methods on Yield and Morphological Traits of Three Chickpea Cultivars in Rain Fed Conditions  
*M. Jafari, A. Sabzevari, and K. Asefpour Vakilian* 339
- 

## Ecology

- Crop Yield and Quality during Cultivation on Soil Polluted with Oil  
*V. G. Sychev, R. A. Afanas'ev, G. Ye. Merzlaya, and G. A. Stupakova* 344
-

## Agrochemistry. Soil Science

Effectiveness of Fertilizer Systems on Grey Soils of Opolye <i>V. V. Okorkov, O. A. Fenova, and L. A. Okorkova</i>	348
Water Regime of Alluvial Soils during Drip Irrigation for Onion under Conditions of Nepal <i>Ashraf Elsayed Makhmud Elsayed, Goma Botkhina Saad Mokhammed Ali, and A. V. Shuravilin</i>	352
The Investigation of Hysteresis and Soil Compaction on Calibration Curve of Gypsum Block <i>Kami Kaboosi</i>	357

---

## Modeling

Comparative Analysis of Expected Changes of Risk under Favorable and Unfavorable Effects of Changing Climate on Productivity Potential <i>V. P. Yakushev and Ye. Ye. Zhukovsky</i>	361
Dependence of Yield of Cereal and Tilled Crops on Humus Reserves in Chernozems and Gray Forest Soils <i>Yu. P. Sukhanovskii, A. V. Prushchik, and S. I. Sanzharova</i>	365

---

## Animal Husbandry

Adaptive Capacities and Beef Productivity of Calves of Different Breeds Depending on Breeding Technology <i>V. I. Levakhin, M. M. Poberukhin, G. I. Levakhin, and F. Kh. Sirazetdinov</i>	369
Immunoglobulin Profile of Biological Fluids in Calves Obtained from Sires with Different Breeding <i>I. Yu. Yezdakova, M. A. Eremina, and V. L. Liepa</i>	373
Karyotypic Instability of Reindeer in Zones of Potential Environmental Problems <i>V. V. Goncharov, G. P. Kosyakova, and A. F. Yakovlev</i>	376
Modification of Chicken Genome by Interferon Gene <i>L. G. Korshunova, R. V. Karpetyan, and O. F. Ziadinova</i>	379
Hypo- and Hyperthermia of Bees Anesthetized with Carbon Dioxide <i>E. K. Eskov, M. D. Eskova, and S. E. Spasik</i>	382
Lactation Stimulating and Growth Promoting Effects of <i>Aspilia africana</i> Fed to Rabbit Does <i>NseAbasi NsikakAbasi Etim and Mary Anthony Oguike</i>	385

---

## Hydraulic Engineering

Modeling Microstreams of Local Surface Runoff when Studying Transport and Accumulation of Substances on Lateral Hydrophysical Barriers <i>S. A. Maksimov</i>	390
---	-----
