**Vol. 47, No. 12, 2014**

A simultaneous English language translation of this journal is available from Pleiades Publishing, Ltd.  
Distributed worldwide by Springer. *Eurasian Soil Science* ISSN 1064-2293.

---

---

## Genesis and Geography of Soils

Vertisols and Vertic Soils of the Middle and Lower Volga Regions

*N. B. Khitrov and L. V. Rogovneva* 1167

The Influence of Gleyzation on the Chemical Composition of the Lysimetric Water  
and the Physicochemical Properties of the Parent Rocks: A Model Experiment

*F. R. Zaidel'man, N. N. Dzizenko, and S. M. Cherkas* 1187

---

## Soil Physics

Input of  $^{137}\text{Cs}$  and  $^{90}\text{Sr}$  into Plants from the Surface of Soil Aggregates  
and the Intraped Space

*A. D. Fokin, S. P. Torshin, Yu. M. Bebneva, R. A. Gadzhiagaeva,  
Yu. I. Zolotareva, and M. I. Umer* 1198

---

## Soil Chemistry

Dynamics and Structure of Carbon Storage in the Postagrogenic Ecosystems  
of the Southern Taiga

*I. M. Ryzhova, A. A. Erokhova, and M. A. Podvezennaya* 1207

Effect of Organic Matter on the Sorption Activity of Heavy Loamy Soils for Volatile  
Organic Compounds under Low Moisture Conditions

*I. P. Breus, A. A. Mishchenko, A. A. Shinkarev (Jr.), S. A. Neklyudov, and V. A. Breus* 1216

Acidity Field of Soils as Ion-Exchange Systems and the Diagnostics of Genetic Soil Horizons

*Yu. A. Kokotov, E. Yu. Sukhacheva, and B. F. Aparin* 1227

---

## Soil Physics

Soil Water Retention Curve of Agrogray Soils: Influence of Anisotropy and the Scaling Factor

*A. B. Umarova, E. V. Shein, and N. S. Kukharuk* 1238

Temperature Dynamics in Sandy and Loamy Forest-Tundra Soils of the Polar Urals in Relation  
to Climate Change

*O. I. Khydyakov and O. V. Reshotkin* 1245

---

## Soil Biology

Diversity of Amino Acids in a Typical Chernozem of Moldova

*N. I. Frunze* 1259

Isolation and Identification of Ferric Reducing Bacteria and Evaluation of their Roles  
in Iron Availability in Two Calcareous Soils

*N. Ghorbanzadeh, A. Lakzian, G. H. Haghnia, and A. R. Karimi*

1266

---

### **Degradation, Rehabilitation, and Conservation of Soils**

A Comparison Among Root Soil-Conservation Effects for Nine Herbs at the Cold Region  
Highway in North-Eastern China

*W. Xu, X. Wang, Y. Zhang, and Y. Liu*

1274

Ecological Evaluation of Rangeland Quality in Dry Subtropics of Azerbaijan

*A. F. Gasanova*

1283

---

### **Errata**

Erratum to: "Fractional and Group Composition of Zinc and Lead Compounds as an Indicator  
of the Environmental Status of Soils" [Eurasian Soil Science 47 (5), 511 (2014)]

*S. S. Mandzhieva, T. M. Minkina, G. V. Motuzova, S. E. Golovaty, N. N. Miroshnichenko, N. K. Lukashenko, and A. I. Fateev*

1293
