

- 1 Managing *Meloidogyne incognita* and *Bemisia tabaci* with thiacloprid in cucumber crops in China
S. Dong, K. Qiao, Y. Zhu, H. Wang, X. Xia and K. Wang
- 6 Forecasting the emergence of the adult orange wheat blossom midge, *Sitodiplosis mosellana* (Géhin) (Diptera: Cecidomyiidae) in Belgium
G. Jacquemin, S. Chavalle and M. De Proft
- 14 Movement and survival of corn rootworm in seed mixtures of SmartStax® insect-protected corn
G. Head, L.A. Campbell, M. Carroll, T. Clark, T. Galvan, W.M. Hendrix, P.L. Prasifka, P. Price, N.P. Storer and L.A. Stork
- 25 The impact of tillage system and herbicides on weed density, diversity and yield of cotton (*Gossypium hirsutum* L.) and maize (*Zea mays* L.) under the smallholder sector
Z. Mavunganidze, I.C. Madakadze, J. Nyamangara and P. Mafongoya
- 33 Low susceptibility of *Spodoptera cosmioides*, *Spodoptera eridania* and *Spodoptera frugiperda* (Lepidoptera: Noctuidae) to genetically-modified soybean expressing CryI Ac protein
O. Bernardi, R.J. Sorgatto, A.D. Barbosa, F.A. Domingues, P.M. Dourado, R.A. Carvalho, S. Martinelli, G.P. Head and C. Omoto
- 41 Identification and characterization of *Colletotrichum fructicola* causing black spots on young fruits related to bitter rot of pear (*Pyrus bretschneideri* Rehd.) in China
J. Jiang, H. Zhai, H. Li, Z. Wang, Y. Chen, N. Hong, G. Wang, G.N. Chofong and W. Xu
- 49 Resistance of *Spodoptera litura* (Lepidoptera: Noctuidae) to profenofos: Relative fitness and cross resistance
N. Abbas, Samiullah, S.A. Shad, M. Razaq, A. Waheed and M. Aslam
- 55 Sublethal effect of avermectin and acetamiprid on the mortality of different life stages of *Brontispa longissima* (Gestro) (Coleoptera: Hispididae) and its larvae parasitoid *Asecodes hispinarum* Bouček (Hymenoptera: Eulophidae)
T. Jin, Y.-y. Lin, Q.-a. Jin, H.-b. Wen and Z.-q. Peng
- 61 Field evolution of insecticide resistance in the brown planthopper (*Nilaparvata lugens* Stål) in China
X. Zhang, X. Liu, F. Zhu, J. Li, H. You and P. Lu

67 First report of the fungus *Fomitiporia maxonii* Murrill causing citrus wood rot in commercial orange and grapefruit groves in Cuba

R.I. Carbera, C. Decock, S. Herrera, J. Ferrer, I. Ortega, S.A. Lopes and V. Zamora
