

## Editorial

Doing real and permanent good in landscape and urban planning: Ecological wisdom for urban sustainability W.-N. Xiang (Shanghai, China and Charlotte, NC, USA).....	65
------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----

## Research Papers

Does zoning matter? A comparative analysis of landscape change in Redland, Florida using cellular automata J.A. Onsted (Miami, FL, USA) and R.R. Chowdhury (USA).....	1
Characterizing urban metabolic systems with an ecological hierarchy method, Beijing, China Z. Yang, Y. Zhang, S. Li, H. Liu, H. Zheng, J. Zhang, M. Su and G. Liu (Beijing, China).....	19
Using participatory GIS to measure physical activity and urban park benefits G. Brown (Brisbane, Australia and Australia), M.F. Schebella and D. Weber (Mawson Lakes, Australia) .....	34
Natural amenities in urban space - A geographically weighted regression approach P. Nilsson (Jönköping, Sweden) .....	45
Factors driving land use change and forest distribution on the coastal plain of Mississippi, USA P.E. Schweizer and G.R. Matlack (Athens, OH, USA) .....	55
A spatio-temporal view of historical growth in Phoenix, Arizona, USA K. Kane (Tempe, AZ, USA), J. Tuccillo, A.M. York, L. Gentile and Y. Ouyang (USA).....	70
Mediterranean open habitat vegetation offers great potential for extensive green roof design C. Van Mechelen (Heverlee, Belgium), T. Dutoit (Avignon, France) and M. Hermy (Heverlee, Belgium).....	81
Assessing the landscape and ecological quality of urban green spaces in a compact city Y. Tian (Beijing, China), C.Y. Jim (Hong Kong, China) and H. Wang (Beijing, China).....	97
Modeling and prediction of natural gas fracking pad landscapes in the Marcellus Shale region, USA Q. Meng (Lee Boulevard, MS, USA) .....	109
A comparison of spatial autocorrelation indices and landscape metrics in measuring urban landscape fragmentation C. Fan and S. Myint (Tempe, AZ, USA).....	117
The impact of vegetation types on air and surface temperatures in a temperate city: A fine scale assessment in Manchester, UK C. Skelhorn, S. Lindley and G. Levermore (Manchester, UK) .....	129
Landscape conservation through residential subdivision bylaws: Explanations for local adoption C.V. Hawkins (Orlando, FL, USA).....	141

## Research Note

Refreshing the role of open water surfaces on mitigating the maximum urban heat island effect G.J. Steeneveld, S. Koopmans, B.G. Heusinkveld and N.E. Theeuwes (Wageningen, The Netherlands).....	92
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----

## Announcement

Call for abstracts: An international symposium and a special LAND issue on Doing real and permanent good in landscape and urban planning: Ecological wisdom for urban sustainability .....	149
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----
