

## CONTENTS

<i>ASAO T., ASADUZZAMAN MD., MONDAL F. MD.</i> Horticultural Research in Japan. Production of vegetables and ornamentals in hydroponics, constraints and control measures	167
<i>SHIBUYA T., KANAYAMA Y.</i> Flowering response to blue light and its molecular mechanisms in <i>Arabidopsis</i> and horticultural plants	179
<i>HIKOSAKA Y., KANECHI M., UNO Y.</i> A novel aeroponic technique using dry-fog spray fertigation to grow leaf lettuce ( <i>Lactuca sativa</i> L. var. <i>crispa</i> ) with water-saving hydroponics	184
<i>HOYO Y., FUJIWARA K., HOSHINO Y.</i> Effects of different wavelengths of LED light on pollen germination and direction of pollen tube elongation in <i>Cyrtanthus mackenii</i>	190
<i>WATANABE S., MATSUBARA Y.-I.</i> Cross-protection against anthracnose with heat stress, antioxidative changes and proteomic analysis in mycorrhizal cyclamen	195
<i>IWATO M., KOSAZA M., TAKEUCHI Y., MATSUMOTO M., INADA M., OZAKI Y., OKUBO H.</i> Stem blight resistance of <i>Asparagus kiusianus</i> and its hybrid with <i>A. officinalis</i>	202
<i>SHISHIDO M.</i> Black root rot caused by <i>Diaporthe sclerotioides</i> threatens cucurbit cultivation in Japan	208
<i>YAMASHITA H., MOCHIOKA R.</i> Wild grape germplasms in Japan	214
<i>PARK B.-J., ONO K., YOSHINAMI Y., MIYAZAKI Y.</i> Physiological effects of orange essential oil inhalation in humans	225
<i>YUKI M., MATSUMOTO D., IKEDA K., TAIRA S.</i> Effects of wound treatments to flower organs on fruit set, development, and quality in sweet cherry ( <i>Prunus avium</i> L.)	231
<i>NAKAMURA I., TAKAHASHI H., SATO Y.-I.</i> Diversity and breeding of flowering cherry in Japan	236
<i>YAMAMOTO Y., HOSHINO Y., MASAGO H., KAWANO T.</i> Attempt for postharvest ripening of immature fruits of Haskap ( <i>Lonicera caerulea</i> L. var. <i>emphylocalyx</i> Nakai), an emerging fruit in Northern Japan	244
