

Journal of Plant Nutrition

Volume 37, Issue 10, 2014

Armin Saed-Moucheshi, Avat Shekoofa & Mohammad Pessaraki

pages 1573-1585

Original Articles

Nitrogen, Phosphorus and Potassium Interactions in Upland Rice

N. K. Fageria & J. P. Oliveira

pages 1586-1600

Utilization of Agricultural Waste Compost as an Alternative Potting Media Component with Coir Dust for Leafy Vegetable *Ipomoea Aquatica*

G. Y. Jayasinghe

pages 1601-1611

Effect of Salinity and Nitrogen Application on Growth, Chemical Composition and Some Biochemical Indices of Pistachio Seedlings (*Pistacia Vera L.*)

A. Razavi Nasab, A. Tajabadi Pour & H. Shirani

pages 1612-1626

Utilization of BNF Technology Supplementing Urea N for Sustainable Rice Production

Abu T. M. A. Choudhury, Mihály L. Kecskés & Ivan R. Kennedy pages 1627-1647

Distribution Characters of Absorption Nitrogen in Oilseed Rape (*Brassica Napus L.*) at Different Growth Stages

Zhen-hua Zhang, Hai-xing Song, Qiang Liu, Xiang-min Rong, Jian-wei Peng, Gui-xian Xie, Yu-ping Zhang & Chun-yun Guan

pages 1648-1660

Extraction of Heavy Metals from Manure and their Bioavailability to Spinach (*Spinacia Oleracea L.*) after Composting

M. Irshad, Shazia Gul, A. Egrinya Eneji, Zobia Anwar & M. Ashraf pages 1661-1675

Effect of Ammonium:Nitrate Ratios in the Response of Strawberry to Alkalinity in Hydroponics

Hamid R. Roosta pages

1676-1689

Relationship Between Grazing Intensity and Qualitative and Quantitative Changes in *Artemisia Sieberi* Besser Essential Oil Compounds in Kashan Province of Iran

Reza Dehghani Bidgoli, M. Pessaraki, A. H. Ebrahimabadi & G. A. Heshmati

pages 1690-1701

Partitioning of Newly Absorbed and Previously Stored Nitrogen and Sulfur Under Sulfate Deficient Nutrition

B. R. Lee, S. Muneer, W. J. Jung, J. C. Avice, A. Ourry & T. H. Kim

pages 1702-1716
