

# ORYZA

## An International Journal on Rice

---

- Identification of pathogenicity related small secreted proteins from *Magnaporthe oryzae* by comparison of predicted proteome with nonpathogenic relative, *Neurospora crassa*** 183-194  
Soham Ray, Joshitha Vijayan and Pankaj Kumar Singh, Tilak Raj Sharma
- Genotype and environment interaction and stability analysis for yield and its contributing traits in rice** 195-203  
DA Shinde and PB Patel
- Clustering among genotypes for zinc deficiency tolerance and yield traits under aerobic condition in rice** 204-207  
J Vanitha\*, K. Amudha, R Usha Kumari and S Robin
- Effect of integrated nutrient management on the productivity, quality improvement and soil fertility in rice-onion-cowpea sequence** 208-212  
SS Mondal, R Kundu\*, K Brahmachari, PS Bera and D Acharya
- Seeding density, seedling age and nutrient management for wet season rice production** 213-218  
SR Patra, M Ray\*, S Das, P Halder<sup>1</sup>, SK Hembram and C Majumder
- Studies on ecology of *Echinochloa* spp. and effect of herbicide on their distribution pattern in upland paddy under mid-hill condition** 219-225  
Dhiman Mukherjee\*
- Process optimization for development of extruded product from rice flour– moringa leaf blend** 226-234  
NR Sahoo, MK Panda, Minati Mohapatra\* and CK Bakhra

<b>Management of rodent pests of rice fields in upper Brahmaputra valley of Assam</b>	<b>235-240</b>
RK Borah* and D Baglari	
<b>Photosynthetically active radiation variation across transplanting dates and its effect on rice yield in tropical sub-humid environment</b>	<b>241-246</b>
Shrabani Basu*, Swaraj K. Dutta, Srijani Maji, Pramiti K. Chakraborty, Sarika Jena, Rajib Nath and Prodip K Chakraborty	
<b>Gender issues and technological refinement for women in rice farming</b>	<b>247-254</b>
Lipi Das*, SK Mishra, MPS Arya, BN Sadangi, S Saha and MK Behera	
<b><u>SHORT COMMUNICATION</u></b>	
<b>Effect of volatiles from leaves of rice cultivars on the foraging behaviour of <i>Trichogramma</i> spp. (Hymenoptera: Trichogrammatidae)</b>	<b>255-257</b>
Deepa Bhagat*, N Bakthavatsalam, G Ramu	
<b>Effect of seed fortification with sprouted pulses extract on germination and seedling vigour of rice</b>	<b>258-259</b>
V Vijayalakshmi*, R Umarani and M Jayanthi	
<b>Instructions to author</b>	<b>260</b>
