

FOOD CONTROL

CONTENTS

Volume 53 July 2015

(Published 1 April 2015)

- 1 Microbial composition of turbid rice wine (*Makgeolli*) at different stages of production in a real processing line
S.A. KIM, S.J. YUN, S.H. JEON, N.H. KIM, H.W. KIM, T.J. CHO, S.H. LEE, I.G. HWANG & M.S. RHEE (Republic of Korea)
- 9 Mathematical modeling to predict the fitness cost associated with triclosan tolerance in *Salmonella enterica* serovars
U. RENSCH, M. GREINER, G. KLEIN & C. KEHRENBERG (Germany)
- 14 Ecology of antibiotic resistant coagulase-negative staphylococci isolated from the production chain of a typical Italian salami
A. REBECCHI, V. PISACANE, M.L. CALLEGARI, E. PUGLISI & L. MORELLI (Italy)
- 23 Estimated daily intake of organochlorine pesticides from dairy products in Brazil
J. SIFUENTES DOS SANTOS, T.G. SCHWANZ, A.N. COELHO, M.C. HECK-MARQUES, M.M. MEXIA, T. EMANUELLI
& I. COSTABEBER (Brazil)
- 29 Water reconditioning by high power ultrasound combined with residual chemical sanitizers to inactivate foodborne
pathogens associated with fresh-cut products
V.M. GÓMEZ-LÓPEZ (Spain, España), M.I. GIL, A. ALLENDE (Spain), B. VANHEE (Belgium) & M.V. SELMA (Spain)
- 35 Pretreatment with citric acid or a mixture of nitric acid and citric acid to suppress egg white protein deposit formation
on stainless steel surfaces and to ease its removal during cleaning
T. HAGIWARA, S. HAGIHARA, A. HANDA, N. SASAGAWA, R. KAWASHIMA & T. SAKIYAMA (Japan)
- 41 Prevalence, seasonality and antibiotic susceptibility of *Campylobacter* spp. isolates of retail broiler meat in Iran
B. ZENDEHBAD, J. KHAYATZADEH & A. ALIPOUR (Iran)
- 46 Seasonal abundance of *Vibrio cholerae* non O1/non O139 *chxA+* in oysters harvested in a coastal lagoon of
Mexico's Gulf coast: A seafood safety risk concern
K.M. LÓPEZ-HERNÁNDEZ, V. PARDÍO-SEDAS, L. LIZÁRRAGA-PARTIDA, J.D.J. WILLIAMS,
D. MARTÍNEZ-HERRERA, A. FLORES-PRIMO & R. USCANGA-SERRANO (México)
- 55 Traceability of organic fish – Authenticating the production origin of salmonids by chemical and isotopic analyses
J. MOKKENTIN, I. LEHMANN, U. OSTERMEYER & H. REHBEIN (Germany)
- 67 Evaluation of fumonisin exposure by determination of fumonisin B₁ in human hair and in Brazilian corn products
K. BORDIN (Brazil), G.E. ROTTINGHAUS, B.R. LANDERS, D.R. LEDOUX, E. KOBASHIGAWA (USA), C.H. CORASSIN
& C.A.F. OLIVEIRA (Brazil)
- 72 Construction of an impedimetric immunosensor for label-free detecting carbofuran residual in agricultural and
environmental samples
L. LIU, D. XU, Y. HU, S. LIU, H. WEI, J. ZHENG (China), G. WANG (Australia), X. HU & C. WANG (China)
- 81 A handheld sensor assay for the identification of grouper as a safeguard against seafood mislabeling fraud
R.M. ULRICH, D.E. JOHN, G.W. BARTON, G.S. HENDRICK, D.P. FRIES & J.H. PAUL (USA)
- 91 Distribution of *Fusarium* mycotoxins in wheat milling process
C.S. TIBOLA, J.M.C. FERNANDES, E.M. GUARIENTI & M. NICOLAU (Brazil)
- 96 Characterization and evaluation of lactic acid bacteria isolated from goat milk
W.L.G. DE ALMEIDA JÚNIOR, Í.D.S. FERRARI, J.V. DE SOUZA, C.D.A. DA SILVA, M.M. DA COSTA & F.S. DIAS (Brazil)

(Contents continued on BM II)

- 104 Inorganic arsenic in starchy roots, tubers, and plantain and assessment of cancer risk of sub-Saharan African populations
T. CHEN (China), L. HUANG (USA), G. LAI (China) & G. CHEN (USA)
- 109 Simultaneous detection of five pathogenic *Vibrio* species in seafood by a multiplex polymerase chain reaction coupled with high performance liquid chromatography assay
Y.-G. XU, L.-C. CUI, Z.-M. LIU, D.-D. LI, S.-L. LI & M.-C. ZHAO (People's Republic of China)
- 117 Efficacy of acidic and alkaline electrolyzed water for inactivating *Escherichia coli* O104:H4, *Listeria monocytogenes*, *Campylobacter jejuni*, *Aeromonas hydrophila*, and *Vibrio parahaemolyticus* in cell suspensions
M. OVISSIPOUR (USA), H.M. AL-QADIRI (Jordan), S.S. SABLANI, B.N. GOVINDAN (USA), N. AL-ALAMI (Jordan) & B. RASCO (USA)
- 124 Metabolites produced during the growth of probiotics in cocoa supplementation and the limited role of cocoa in host-enteric bacterial pathogen interactions
M. PENG, U. ARYAL, B. COOPER & D. BISWAS (United States)
- 134 HACCP effectiveness between ISO 22000 certified and non-certified dairy companies
E.L. PSOMAS & D.P. KAFETZOPOULOS (Greece)
- 140 Mathematical modeling of growth of *Salmonella* spp. and spoilage microorganisms in raw oysters
T. FANG (China), L. HUANG (USA), L. LIU, F. MEI & J. CHEN (China)
- 147 Real time quantitative expression study of a polyketide synthase gene related to ochratoxin a biosynthesis in *Aspergillus niger*
G. CASTELLÁ, L. ALBORCH, M.R. BRAGULAT & F.J. CABAÑES (Spain)
- 151 Limited survey of deoxynivalenol in wheat from different crop rotation fields in Yangtze-Huaihe river basin region of China
J.N. SELVARAJ, Y. ZHAO, L. SANGARE, F. XING, L. ZHOU, Y. WANG, X. XUE, Y. LI & Y. LIU (China)
- 156 Combined effect of carvacrol and citral on the growth of *Listeria monocytogenes* and *Listeria innocua* and on the occurrence of damaged cells
A.B. SILVA-ANGULO (Spain), S.F. ZANINI, A. ROSENTHAL (Brazil), D. RODRIGO (Spain), G. KLEIN (Germany) & A. MARTÍNEZ (Spain)
- 163 Presence of mycotoxins in animal milk: A review
M.E. FLORES-FLORES, E. LIZARRAGA, A. LÓPEZ DE CERAIN & E. GONZÁLEZ-PEÑAS (Spain)
- 177 Risk-based microbiological criteria for *Campylobacter* in broiler meat: A comparison of two approaches
M. NAUTA, J.K. ANDERSEN (Denmark), P. TUOMINEN, J. RANTA (Finland) & R. LINDQVIST (Sweden)
- 185 A survey estimating the benefits of incorporating *Listeria* specific growth inhibitors in bulk luncheon meats to be sliced in retail delis
P.G. CRANDALL, C.A. O'BRYAN, R. PETERSON, N. DYENSON & F. YIANNAS (USA)
- 189 High frequency of the potential pathogen *Lactococcus garvieae* in raw milk from Kosovo
I. MEHMETI (Norway, Kosovo), S. MUJI (Kosovo), D.B. DIEP & I.F. NES (Norway)
- 195 Chitosan combined with calcium chloride impacts fresh-cut honeydew melon by stabilising nanostructures of sodium-carbonate-soluble pectin
J.X. CHONG (Singapore, PR China), S. LAI (China) & H. YANG (Singapore, PR China)
- 206 Prevalence, identification and molecular characterization of *Cronobacter sakazakii* isolated from retail meat products
M.A. MOHAMMED, K.I. SALLAM (Egypt) & T. TAMURA (Japan)
- 212 Antimicrobial activity of açai against *Listeria innocua*
C.M. BELDA-GALBIS, A. JIMÉNEZ-CARRETÓN, M.C. PINA-PÉREZ, A. MARTÍNEZ & D. RODRIGO (Spain)
- 217 Free and hidden fumonisins in Brazilian raw maize samples
M.S. OLIVEIRA, A.C.L. DIEL, R.H. RAUBER, F.P. FONTOURA, A. MALLMANN, P. DILKIN & C.A. MALLMANN (Brazil)
- 222 Occurrence and estimative of aflatoxin M₁ intake in UHT cow milk in Paraná State, Brazil
M.V. SILVA, V. JANEIRO, E. BANDO & M. MACHINSKI JR (Brazil)
- 226 Corrigendum to "Occurrence and antimicrobial susceptibility of *Listeria monocytogenes* isolates from retail raw foods" [Food Control 32 (1) (2012) 153–158]
X.-M. WANG, X.-F. LÜ, L. YIN, H.-F. LIU, W.-J. ZHANG, W. SI, S.-Y. YU, M.-L. SHAO & S.-G. LIU (China)
