

CONTENTS

**Special Section: Mangrove Ecology: Functioning and Management**

What regulates crab predation on mangrove propagules? <i>F. Van Nederveelde, S. Cannicci, N. Koedam, J. Bosire and F. Dahdouh-Guebas</i> . . . . .	63
Changes in mangrove vegetation area and character in a war and land use change affected region of Vietnam (Mui Ca Mau) over six decades <i>T.T. Van, N. Wilson, H. Thanh-Tung, K. Quisthoudt, V. Quang-Minh, L. Xuan-Tuan, F. Dahdouh-Guebas and N. Koedam</i> . . . . .	71
Recent advances in understanding Colombian mangroves <i>J. Polanía, L.E. Urrego and C.M. Agudelo</i> . . . . .	82
An interdisciplinary framework to evaluate bioshield plantations: Insights from peninsular India <i>N. Mukherjee, F. Dahdouh-Guebas, N. Koedam and K. Shanker</i> . . . . .	91
<b>Research Articles</b>	
The population dynamics of an endemic collectible cactus <i>M.C. Mandujano, Y. Bravo, J. Verhulst, I. Carrillo-Angeles and J. Golubov</i> . . . . .	1
Contrasting impacts of grass species on nitrogen cycling in a grazed Sudanian savanna <i>L. Yé, L. Abbadie, G. Bardoux, J.-C. Lata, H.B. Nacro, D. Masse, H. de Parseval and S. Barot</i> . . . . .	8
Density-body mass relationships: Inconsistent intercontinental patterns among termite feeding-groups <i>C.A.L. Dahlsjö, C.L. Parr, Y. Malhi, P. Meir, H. Rahman and P. Eggleton</i> . . . . .	16
Hares promote seed dispersal and seedling establishment after volcanic eruptions <i>N. Nomura and S. Tsuyuzaki</i> . . . . .	22
Hydraulic properties and fine root mass of <i>Larix sibirica</i> along forest edge-interior gradients <i>T. Chenlemuge, C. Dulamsuren, D. Hertel, B. Schuldt, C. Leuschner and M. Hauck</i> . . . . .	28
Patterns of fine-scale plant species richness in dry grasslands across the eastern Balkan Peninsula <i>S. Palpurina, M. Chytrý, R. Tzonev, J. Danihelka, I. Axmanová, K. Merunková, M. Duchoň and T. Karakiev</i> . . . . .	36
Analysis of biodiversity experiments: A comparison of traditional and linear-model-based methods <i>P. Fibich, T. Rychtecká and J. Lepš</i> . . . . .	47
Plant community assembly at small scales: Spatial vs. environmental factors in a European grassland <i>S. Horn, S. Hempel, M. Ristow, M.C. Rillig, I. Kowarik and T. Caruso</i> . . . . .	56
