

FOOD CONTROL

CONTENTS

Volume 56 October 2015

(Published 25 May 2015)

- 1 The effects of essential oil treatment on the biogenic amines inhibition and quality preservation of red drum (*Sciaenops ocellatus*) fillets
L. CAI, A. CAO, Y. LI, Z. SONG, L. LENG & J. LI (China)
- 9 Chinese red pepper (*Zanthoxylum bungeanum* Maxim.) leaf extract as natural antioxidants in salted silver carp (*Hypophthalmichthys molitrix*) in dorsal and ventral muscles during processing
J. LI, T. HUI, F. WANG, S. LI, B. CUI, Y. CUI & Z. PENG (China)
- 18 Synchronous fluorescence and multivariate classification analysis as a screening tool for determining Sudan I dye in culinary spices
C.V. DI ANIBAL, M.S. RODRÍGUEZ & L. ALBERTENGO (Argentina)
- 24 Endophytic bacterial diversity in Korean *kimchi* made of Chinese cabbage leaves and their antimicrobial activity against pathogens
M.A. HAQUE, J.H. LEE & K.M. CHO (Republic of Korea)
- 34 Determination of aflatoxin M₁ in ice cream samples using immunoaffinity columns and ultra-high performance liquid chromatography coupled to tandem mass spectrometry
D.E. HOYOS OSSA, D.A. HINCAPIÉ & G.A. PEÑUELA (Colombia)
- 41 Effectiveness of enforcement measures in local food control in Finland
K. KETTUNEN, M. NEVAS & J. LUNDÉN (Finland)
- 47 Rapid real-time loop-mediated isothermal amplification combined with coated activated carbon for detection of low numbers of *Salmonella enterica* from lettuce without enrichment
G.P. WU, S.H. CHEN (China) & R.E. LEVIN (USA)
- 53 Biopreservative effect of the natural antimicrobial substance from *Lactobacillus paracasei* subsp. *tolerans* FX-6 on fresh pork during chilled storage
J. MIAO, W. PENG, G. LIU, Y. CHEN, F. CHEN & Y. CAO (People's Republic of China)
- 57 Screening new gene markers for gluten detection in foods
B. MARTÍN-FERNÁNDEZ (Portugal, Spain), J. COSTA, M.B.P.P. OLIVEIRA (Portugal), B. LÓPEZ-RUIZ (Spain) & I. MAFRA (Portugal)
- 64 Two year survey on the occurrence and seasonal variation of aflatoxin M₁ in milk and milk products in Serbia
I. TOMAŠEVIĆ, J. PETROVIĆ, M. JOVETIĆ, S. RAIČEVIĆ, M. MILOJEVIĆ & J. MIOČINOVIĆ (Serbia)
- 71 Unmasking seafood mislabeling in U.S. markets: DNA barcoding as a unique technology for food authentication and quality control
R. KHAKSAR, T. CARLSON, D.W. SCHAFFNER, M. GHORASHI, D. BEST, S. JANDHYALA, J. TRAVERSO & S. AMINI (USA)
- 77 Bactericidal activity of caprylic acid entrapped in mesoporous silica nanoparticles
M. RUIZ-RICO, C. FUENTES, É. PÉREZ-ESTEVE, A.I. JIMÉNEZ-BELENQUER, A. QUILES, M.D. MARCOS, R. MARTÍNEZ-MÁÑEZ & J.M. BARAT (Spain)

(Contents continued on BM II)

(Contents continued from outside back cover)

- 86 Adaptation and cross-adaptation of *Escherichia coli* ATCC 12806 to several food-grade biocides
C. ALONSO-CALLEJA, E. GUERRERO-RAMOS, A. ALONSO-HERNANDO & R. CAPITA (Spain)
- 95 Measurement of fermentation parameters of Chinese rice wine using Raman spectroscopy combined with linear and non-linear regression methods
Z. WU, E. XU, J. LONG, F. WANG, X. XU, Z. JIN & A. JIAO (China)
- 103 Effect of extending processing plant operating time on the microbiological quality and safety of broiler carcasses
A. PAVIC, J.M. COX & J.W. CHENU (Australia)
- 110 Development of rapid and sensitive anti-flagellar monoclonal antibody based lateral flow device for the detection of *Vibrio vulnificus* from oyster homogenate
R. JADEJA, M.E. JANES & J.G. SIMONSON (United States)
- 114 Aflatoxin contamination in Haitian peanut products and maize and the safety of oil processed from contaminated peanuts
J.R. SCHWARTZBORD & D.L. BROWN (USA)
- 119 Effects of genotype, salt content and calibre on quality of traditional dry-fermented sausages
M. LARANJO, A.C. AGULHEIRO-SANTOS, M.E. POTES, M.J. CABRITA, R. GARCIA, M.J. FRAQUEZA & M. ELIAS (Portugal)
- 128 The specific antibacterial activity of liposome-encapsulated *Clove* oil and its application in tofu
H. CUI, C. ZHAO & L. LIN (PR China)
- 135 Rapid methods for detecting acrylamide in thermally processed foods: A review
Q. HU, X. XU, Y. FU (China) & Y. LI (China, USA)
- 147 Effects of integrated treatment of nonthermal UV-C light and different antimicrobial wash on *Salmonella enterica* on plum tomatoes
S. MUKHOPADHYAY, D.O. UKUKU & V.K. JUNEJA (USA)
- 155 Rapid detection of melamine in milk liquid and powder by surface-enhanced Raman scattering substrate array
P. RAJAPANDIYAN, W.-L. TANG & J. YANG (Taiwan)
- 161 Prevalence and antimicrobial profile of *Campylobacter* isolates from free-range and conventional farming chicken meat during a 6-year survey
V. ECONOMOU, N. ZISIDES, P. GOUSIA, S. PETSIOS, H. SAKKAS, N. SOULTOS & C. PAPADOPOULOU (Greece)
- 169 Determination and formation of Ethyl Carbamate in Chinese spirits
G. LI, Q. ZHONG, D. WANG, X. ZHANG, H. GAO & S. SHEN (China)
- 177 Vending machines: Food safety and quality assessment focused on food handlers and the variables involved in the industry
A. RAPOSO (Portugal), C. CARRASCOSA, E. PÉREZ, P. SAAVEDRA, E. SANJUÁN & R. MILLÁN (Spain)
- 186 Impact of *Clostridium* spp. on cheese characteristics: Microbiology, color, formation of volatile compounds and off-flavors
N. GÓMEZ-TORRES, S. GARDE, Á. PEIROTÉN & M. ÁVILA (Spain)
- 195 Physicochemical and microbial changes during storage of smoke-flavoured salmon obtained by a new method
A. RIZO, V. MAÑES, A. FUENTES, I. FERNÁNDEZ-SEGOVIA & J.M. BARAT (Spain)
- 202 Development of an aptasensor for the fast detection of Versicolorin A
H.-L. JIANG, X.-Y. LIU, Y.-X. QIU, D.-S. YAO, C.-F. XIE & D.-L. LIU (China)
- 211 Systematic review-meta-analysis of the effect of chilling on *Campylobacter* spp. during primary processing of broilers
O. BUCHER, L. WADDELL, J. GREIG & B.A. SMITH (Canada)
