Herbivore search behaviour drives associational plant refuge <i>R.S. Stutz, P.B. Banks, N. Dexter and C. McArthur</i> . . . . .	1
Introduced elk alter traits of a native plant and its plant-associated arthropod community <i>D.S. Smith, L.J. Lamit, M.K. Lau, C.A. Gehring, S.M. Shuster and T.G. Whitham</i> . . . . .	8
Effect of change in floral openness with floral age on floral display and reproduction in <i>Gentiana</i> <i>Y. Fusato, T. Itagaki, M. Oguro and S. Sakai</i> . . . . .	17
A coat of many scents: Cuticular hydrocarbons in multitrophic interactions of fig wasps with ants <i>Y. Ranganathan, J.-M. Bessière and R.M. Borges</i> . . . . .	24
Land cover effects on mesopredator abundance in the presence and absence of apex predators <i>M. Pasanen-Mortensen and B. Elmhagen</i> . . . . .	40
Ecological strategies of <i>Macarorchestia remyi</i> compared to two sympatric talitrids of a Tyrrhenian beach <i>I. Colombini, M. Fallaci and L. Chelazzi</i> . . . . .	49
Western lowland gorilla seed dispersal: Are seeds adapted to long gut retention times? <i>C.-A. Petre, N. Tagg, R.C. Beudels-Jamar, B. Haurez and J.-L. Doucet</i> . . . . .	59
Changes in arbuscular mycorrhizal fungal communities during invasion by an exotic invasive plant <i>N.J. Day, P.M. Antunes and K.E. Dunfield</i> . . . . .	66
<b>Short Communication</b>	
Trait-dependent changes in assemblages of mid-sized and large mammals along an Asian urban gradient <i>M.U. Saito and F. Koike</i> . . . . .	34
