| Soil enzyme activities on eroded slopes in the Sichuan Basin, China NIE Xiaojun, ZHANG Jianhui and GAO Han | 489 |
| Salt accumulation and physiology of naturally occurring grasses in saline soils in Australia Mohammad S. I. BHUIYAN, Anantanarayanan Raman, Dennis S. HODGKINS, David MITCHELL and Helen I. NICOL | 501 |
| Soil organic carbon mineralization as affected by cyclical temperature fluctuations in a karst region of southwestern China CI En, Mahdi M. AL-KAISI, WANG Liange, DING Changhuan and XIE Deti | 512 |
| Soil macrofaunal communities are heterogeneous in heathlands with different grazing intensity Jean-François PONGE, Sandrine SALMON, Amélie BENOIST and Jean-Jacques GEOFFROY | 524 |
| Sensitivity of labile soil organic carbon pools to long-term fertilizer, straw and manure management in rice-wheat system Dinesh K. BENBI, Kiranvir BRAR, Amardeep S. TOOR and Shivani SHARMA | 534 |
| Characteristics of dried soil layers under apple orchards of different ages and their applications in soil water managements on the Loess Plateau of China WANG Yunqiang, SHAO Mingan, LIU Zhipeng and ZHANG Chencheng | 546 |
| Immobilization of lead and cadmium in contaminated soil using amendments: A review Amanullah MAHAR, WANG Ping, LI Ronghua and ZHANG Zengqiang | 555 |
| Influences of catch crop and its incorporation time on soil carbon and carbon-related enzymes Anna PIOTROWSKA-DŁUGOSZ and Edward WILCZEWSKI | 569 |
| Digital soil mapping using artificial neural networks and terrain-related attributes Mohsen BAGHERI BODAGHABADI, José Antonio MARTÍNEZ-CASASNOVAS, Mohammad Hasan SALEHI, Jahangard MOHAMMADI, Isa ESFANDIARPOOR BORUJENI, Norair TOOMANIAN and Amir GANDOMKAR | 580 |
| Soil quality in relation to agricultural production in the North China Plain XIA Min, ZHAO Bingzi, Xiyong HAO and ZHANG Jiabao | 592 |
| <i>In situ</i> measurement of ammonia concentration in soil headspace using Fourier transform mid-infrared photoacoustic spectroscopy DU Changwen, WANG Jiao, ZHOU Zijun, SHEN Yazhen and ZHOU Jianmin | 605 |
| Deposition of nutrients from Harmattan dust in Ghana, West Africa Henrik BREUNING-MADSEN, Theodore Wola AWADZI and Gry LYNGSIE | 613 |
| Gross nitrification rates and nitrous oxide emissions in an apple orchard soil in Northeast China GE Shunfeng, JIANG Yuanmao and WEI Shaochong | 622 |
