

Journal of Water and Health

A Journal of the International Water Association

volume 13 | issue 1 | March 2015

Contents

- 1 A systematic review and meta-analysis of the effects of extreme weather events and other weather-related variables on *Cryptosporidium* and *Giardia* in fresh surface waters
Ian Young, Ben A. Smith and Aamir Fazil
- 18 Removal of cadmium ion from wastewater by carbon-based nanosorbents: a review
Rajeev Kumar, Jyoti Chawla and Inderpreet Kaur
- 34 Methods for microbiological quality assessment in drinking water: a comparative study
K. Helmi, F. Barthod, G. Méheut, A. Henry, F. Poty, F. Laurent and N. Charni-Ben-Tabassi
- 42 The effect of pyrite on *Escherichia coli* in water: proof-of-concept for the elimination of waterborne bacteria by reactive minerals
Lonia R. Friedlander, Neha Puri, Martin A. A. Schoonen and A. Wali Karzai
- 54 Developmental effects and genotoxicity of 10 water disinfection by-products in zebrafish
Elisabet Teixidó, Esther Piqué, Javier Gonzalez-Linares, Joan M. Llobet and Jesús Gómez-Catalán
- 67 Multiparametric comparison of chromogenic-based culture methods used to assess the microbiological quality of drinking water and the mFC method combined with a molecular confirmation procedure
Andrée F. Maheux, Vanessa Dion-Dupont, Marc-Antoine Bisson, Sébastien Bouchard, Éric Jubinville, Martine Nkuranga, Lynda Rodrigue, Michel G. Bergeron and Manuel J. Rodriguez
- 73 Removal of bromide and bromate from drinking water using granular activated carbon
Yong-qing Zhang, Qing-ping Wu, Ju-mei Zhang and Xiu-hua Yang
- 79 Accuracy, precision, usability, and cost of free chlorine residual testing methods
Anna Murray and Daniele Lantagne
- 91 A compact point-of-use water purification cartridge for household use in developing countries
Rajshree A. Patil, Dilshad Ahmad, Shankar B. Kausley, Pradeep L. Balkunde and Chetan P. Malhotra
- 103 Characterization of bacterial pathogens in rural and urban irrigation water
Matthew Aijuka, George Charimba, Celia J. Hugo and Elna M. Buys
- 118 Disinfection of an advanced primary effluent using peracetic acid or ultraviolet radiation for its reuse in public services
Flores R. Julio, Terres-Peña Hilario, Vaca M. Mabel, López C. Raymundo, Lizardi-Ramos Arturo and Rojas-Valencia Ma. Nefalí

- 125 Nosocomial pseudo-outbreak of *Mycobacterium gordonae* associated with a hospital's water supply contamination: a case series of 135 patients
Marija Zlojtro, Mateja Jankovic, Miroslav Samarzija, Ljiljana Zmak, Vera Katalinic Jankovic, Mihaela Obrovac, Igor Zlojtro and Marko Jakopovic
- 131 Evaluation of quantitative polymerase chain reaction assays targeting *Mycobacterium avium*, *M. intracellulare*, and *M. avium* subspecies *paratuberculosis* in drinking water biofilms
Eunice C. Chern, Dawn King, Richard Haugland and Stacy Pfaller
- 140 Bacterial composition in a metropolitan drinking water distribution system utilizing different source waters
Vicente Gomez-Alvarez, Ben W. Humrighouse, Randy P. Revetta and Jorge W. Santo Domingo
- 152 Parental decisions, child health and valuation of avoiding arsenic in drinking water in rural Bangladesh
Sonia N. Aziz, Kevin J. Boyle and Tom Crocker
- 168 Outbreak of acute gastroenteritis caused by contamination of drinking water in a factory, the Basque Country
J. M. Altzibar, C. Zigorraga, R. Rodriguez, N. Leturia, A. Garmendia, A. Rodriguez, M. Alkorta and L. Arriola
- 174 Application of risk-based assessment and management to riverbank filtration sites in India
Rico Bartak, Declan Page, Cornelius Sandhu, Thomas Grischek, Bharti Saini, Indu Mehrotra, Chakresh K. Jain and Narayan C. Ghosh
- 190 Molecular characterisation of clinical and environmental isolates of *Mycobacterium kansasii* isolates from South African gold mines
Geoffrey Kwenda, Gavin J. Churchyard, Catherine Thorrold, Ian Heron, Karen Stevenson, Adriano G. Duse and Elsé Marais
- 203 Evaluation of corrosion and scaling tendency indices in a drinking water distribution system: a case study of Bandar Abbas city, Iran
Vali Alipour, Kavous Dindarloo, Amir Hossein Mahvi and Leila Rezaei
- 210 *Cyclospora cayetanensis* travels in tap water on Italian trains
A. Giangaspero, M. Marangi and E. Arace
- 217 A probabilistic assessment of the contribution of wastewater-irrigated lettuce to *Escherichia coli* O157:H7 infection risk and disease burden in Kumasi, Ghana
Razak Seidu, Amina Abubakari, Isaac Amoah Dennis, Arve Heistad, Thor Axel Stenstrom, John A. Larbi and Robert C. Abaidoo
- 230 Risk behaviors and self-reported illnesses among Pacific Northwest surfers
Anna K. Harding, David L. Stone, Andres Cardenas and Virginia Lesser
- 243 Comparing the microbial risks associated with household drinking water supplies used in peri-urban communities of Phnom Penh, Cambodia
K. Thomas, E. McBean, A. Shantz and H. M. Murphy
- 259 Risk of diarrhoea from shallow groundwater contaminated with enteropathogens in the Kathmandu Valley, Nepal
Sadhana Shrestha, Eiji Haramoto, Rabin Malla and Kei Nishida
- 270 Monitoring of chlorination disinfection by-products and their associated health risks in drinking water of Pakistan
Sidra Abbas, Imran Hashmi, Muhammad Saif Ur Rehman, Ishtiaq A. Qazi, Mohammad A. Awan and Habib Nasir
