Beyond desertification: new paradigms for dryland
landscapes
DPC Peters, KM Havstad, SR Archer, and OE Sala 4

Legacy effects in linked ecological–soil–geomorphic
systems of drylands
*C Monger, OE Sala, MC Duniway, H Goldfus,
IA Meir, RM Poch, HL Throop, and ER Vivoni* 13

Connectivity in dryland landscapes: shifting
concepts of spatial interactions
*GS Okin, M Moreno-de las Heras, PM Saco,
HL Throop, ER Vivoni, AJ Parsons, J Wainwright,
and DPC Peters* 20

Desertification, land use, and the transformation
of global drylands
*BT Bestelmeyer, GS Okin, MC Duniway, SR Archer,
NF Sayre, JC Williamson, and JE Herrick* 28

Collaboration, interdisciplinary thinking, and
communication: new approaches to K–12
ecology education
*SV Bestelmeyer, MM Elser, KV Spellman, EB Sparrow,
SS Haan-Amato, and A Keener* 37

Rangeland ecosystem services: shifting focus from
supply to reconciling supply and demand
L Yahdjian, OE Sala, and KM Havstad 44

Emerging technological and cultural shifts
advancing drylands research and management
*DM Browning, A Rango, JW Karl, CM Laney,
ER Vivoni, and CE Tweedie* 52
