

Ethylene responses in <i>Hydrangea macrophylla</i> – leaf abscission, flower development and postharvest performance U.B. Lauridsen H. Lütken R. Müller	149
Influence of nutrient loading on reactions upon frost and drought stress of <i>Rosa majalis</i> H. Bohne J. Wanjiku A.-K. Rathke S. Humpert D. Gerhard	155
Early frost reactions of different populations of hazelnut (<i>Corylus avellana</i> L.) J. Wanjiku H. Bohne	162
Assessing leaf senescence in tall fescue (<i>Festuca arundinacea</i> Schreb.) under salinity stress using leaf spectrum Y. Gao D. Li	170
Changes of microbial population in different rootzones of 'TifEagle' bermudagrass during establishment J. Zhang Y. Liu J.M. Zhang	177
The effect of two biopreparations on rhizogenesis in stem cuttings of <i>Cotinus coggygria</i> Scop. A. Pacholczak P. Petelewicz K. Jagiełło-Kubiec A. Ilczuk	183
Effects of freezing on the physical properties and wettability of highly decomposed peats used as growing media J.-C. Michel	190
