## Genesis and Geography of Soils

- Specificity of Some Soil Characteristics in the Rhizosphere  
of Fir Trees in the AEL Horizon of Podzolic Soil  
*T. A. Sokolova, I. I. Tolpeshita, L. V. Lysak, and T. S. Chalova* 139
- Origin of Gel Films Naturally Rising in Water from Air-Dry Soils  
*G. N. Fedotov and S. A. Shoba* 147
- Soils of the Istra River Valley within  
the New Jerusalem Monastery and Its Surroundings  
*I. S. Urusevskaya, V. M. Kolesnikova, and A. S. Timofeeva* 153
- Changes in the Morphological Properties of Rzhavozems under  
the Influence of Oil Contamination  
*N. V. Matveeva and D. N. Lipatov* 161
- Input and Migration of Dissolved Organic Carbon in Soils  
of Forest Ecosystems in the Subzone of Deciduous–Coniferous Forests  
*R. R. Sultanbaeva, G. N. Koptsik, I. E. Smirnova, and S. V. Koptsik* 168
- 

## Soil Physics

- Differential Water Capacity of Soils of Various Genesis  
*I. I. Sudnitsyn* 174
- 

## Ecology

- Priority Organic Pollutants in Soil of Arboretum of the Botanical Garden  
of Moscow State University: Report 3. Specific Features  
of Vertical Distribution Pattern of Organochlorine Pesticide in Profile of Urbanozem  
*G. I. Agapkina, E. S. Brodskiy, A. A. Shelepchikov, and D. B. Feshin* 180
- Seasonal Variation of Soil Macrofauna in Forest Ecosystems  
of the Prioksko-Terrasnyi Biosphere Reserve  
*T. A. Trifonova, A. Yu. Buyvolova, Yu. A. Buyvolov, and E. P. Bykova* 187
