

ORYZA

An International Journal on Rice

Phenotypic characteristics of <i>OsBAT1</i> transgenic rice plants in T₃ generation Ranjan Kumar Sahoo ¹ , Durga Madhab Swain ¹ and Narendra Tuteja [*]	238-244
PCR-based diagnostic protocol for <i>orfB</i> gene containing transgenic nuclear male sterile rice lines E Pandit [*] , DP Mohanty, SR Barik ¹ , SP Mohanty, N Sikder, S Chakraborty, J Bhattacharya, SK Ghosh, ON Singh and SK Pradhan	245-250
Pant CMS-3A: An improved cytoplasmic male sterile line for efficient rice hybrid seed production MK Nautiyal [*] , BB Singh, S Singh, OP Ojha and G Pandey	251-254
Genetic behavior of some traits of <i>indica-japonica</i> rice hybrids Ashraf M Elmoghazy [*] , Galal B Anis and Hamdy F EL-Mowafi	255-265
Genetic diversity of New Plant Type rice selections in relation to <i>indica</i>, <i>tropical japonicas</i>, <i>temperate japonicas</i> and irrigated cultures SK Dash [*] , J Meher, L Behera, A Anandan, TPM Azharudheen, M Barik and ON Singh	266-274
Combining ability analysis for yield and yield components in basmati rice Aditya Kumar ¹ , Surendra Singh ^{2*} and Santosh Kumar Magadum	275-283
Estimation of genetic components for yield in rice using generation mean analysis Alok Kumar [*] N. K. Singh, R Kumar, V.K. Sharma, B RAI and Dayaram	284-291
Leaf area index, flag leaf characters, chlorophyll content and yield of rice genotypes under various establishment methods Priyanka Das, JML Gulati [*] , Sarthak Pattanayak and SN Jena	292-296
Silicon nutrition to rice alleviates iron, manganese and aluminum toxicity in laterite derived paddy soils Sainath Nagula [*] , Biju Joseph, R Gladis and PV Ramana	297-301
Integrated effect of sulphur and farm yard manure on yield, quality of crops and nutrient status under rice-mustard cropping system in north eastern coastal plain zone of Odisha B. Kabat [*]	302-306

Official Publication of

Association of Rice Research Workers
Central Rice Research Institute
Cuttack - 753 006, India

Differential response of rice genotypes to mild and severe osmotic stress during seedling stage 307-312

Goutam Kumar Dash and P Swain*

SHORT COMMUNICATION

**Correlation and path co-efficient analysis for genetic response of seed yield traits
at varying spacing in rice cultivars 313-317**

AK Sinha¹, TN Tiwari*, Dinesh Singh and JK Tripathi

**Adoption level, attitude and constraints in the implementation of Rice Integrated Pest and
Disease Management (IPDM) Module 318-322**

Nalini R*, M Vasanthi and K Saritha

Constraint analysis of implementation of Farmers' Field School methodology 323-327

A Manoj and K Vijayaragavan
