

RESEARCH PAPERS

- Can wheat varietal mixtures buffer the impacts of water deficit?
Paul Adu-Gyamfi, Tariq Mahmood, Richard Trethowan 757
- Evaluation of salt stress of Iranian wheat germplasm under field conditions
Omid Ali Akbarpour, Hamid Dehghani, Mohammad Javad Rousta 770
- Genetic improvement of triticale for irrigated systems in south-eastern Australia:
a study of genotype and genotype \times environment interactions
Andrew Milgate, Ben Ovenden, Dante Adorada, Chris Lisle, John Lacy, Neil Coombes 782
- Comparison of photoperiod-sensitive and photoperiod-insensitive basmati cultivars for grain yield,
water productivity, and quality traits under varied transplanting dates in Northwest India
G. Mahajan, N. Sharma, R. Kaur, B. S. Chauhan 793
- Use of DArT molecular markers for QTL analysis of drought-stress responses in soybean. I.
Phenotypic evaluation of traits
Hang T. T. Vu, A. T. James, R. J. Lawn, L. M. Bielig, A. Kilian 802
- Use of DArT molecular markers for QTL analysis of drought-stress responses in soybean. II.
Marker identification and QTL analyses
Hang T. T. Vu, A. Kilian, A. T. James, L. M. Bielig, R. J. Lawn 817
- Pearl millet growth and biochemical alterations determined by mycorrhizal inoculation, water
availability and atmospheric CO₂ concentration
Eliseu G. Fabbrin, Yolanda Gogorcena, Átila F. Mogor, Idoia Garmendia, Nieves Goicoechea 831
- Host resistance to *Sclerotinia* stem rot in historic and current *Brassica napus* and *B. juncea* varieties:
critical management implications
Margaret B. Uloth, Ming Pei You, Martin J. Barbetti 841
- A functional leaf may represent the assimilate accumulation characteristics of the whole seedling
plant in winter oilseed rape (*Brassica napus* L.)
Xinghua Li, Tewu Yang, Zhongnan Nie, Guoxing Chen, Liyong Hu, Rui Wang 849
- Phosphate response of *Trifolium uniflorum* compared with *T. repens* and some *T. repens* \times *T. uniflorum* hybrids
S. N. Nichols, J. R. Crush 857
- Ecotypic responses to flood and drought in tea tree (*Melaleuca alternifolia*)
Mervyn Shepherd, Rachel Wood, Camilla Bloomfield, Carolyn Raymond 864
