

Special Issue: Magnesium in Crop Production, Food Quality and Human Health

Foreword: Magnesium in Crop Production, Food Quality and Human Health

Ismail Cakmak

i

RESEARCH PAPERS

Role of magnesium in food production: an overview

A. R. Dechen, Q. A. C. Carmello, F. A. Monteiro, R. C. Nogueirol

1213

Role of magnesium fertilisers in agriculture: plant–soil continuum

Mehmet Senbayram, Andreas Gransee, Verena Wahle, Heike Thiel

1219

Magnesium balance in four permanent manurial experiments under rainfed agro-ecosystems of India

Ch. Srinivasarao, Sumanta Kundu, K. L. Sharma, Sharanbhoopal Reddy, A. L. Pharande, M. Vijayasankarbabu, A. Satish, R. P. Singh, S. R. Singh, G. Ravindra Chary, M. Osman, K. A. Gopinath, C. Yasmin

1230

Phylogenetic effects on shoot magnesium concentration

Philip J. White, Helen C. Bowen, Emily Farley, Emma K. Shaw, Jacqueline A. Thompson, Gladys Wright, Martin R. Broadley

1241

Natural genetic variation of *Arabidopsis thaliana* root morphological response to magnesium supply

Qiyong Xiao, Hugues De Gernier, László Kupcsik, Jérôme De Pessemier, Klaus Dittert, Kirsten Fladung, Nathalie Verbruggen, Christian Hermans

1249

Importance of plant sources of magnesium for human health

Forrest H. Nielsen

1259

Edible plant tissue and soil calcium:magnesium ratios: data too sparse to assess implications for human health

Andrea Rosanoff, Elizabeth Capron, Phillip Barak, Bruce Mathews, Forrest Nielsen

1265

Global magnesium supply in the food chain

Diriba B. Kumssa, Edward J. M. Joy, E. Louise Ander, Michael J. Watts, Scott D. Young, Andrea Rosanoff, Philip J. White, Sue Walker, Martin R. Broadley

1278

Across-trophic variation of potassium, calcium and magnesium stoichiometric traits in a parasitism food chain across temperate and subtropical biomes

Xiao Sun, Andrea Rosanoff, Chunjiang Liu

1290

Magnesium alleviates plant toxicity of aluminium and heavy metals

Z. Rengel, J. Bose, Q. Chen, B. N. Tripathi

1298
