

PLANT, SOIL AND ENVIRONMENT

Volume 62, No. 4

April 2016

CONTENTS

Klima K., Wiśniowska-Kielian B., Lepiarczyk A.: The interdependence between the leaf area index value and soil-protecting effectiveness of selected plants ..	151
Stręk M., Telesiński A.: Comparison of selenite (IV) and selenate (VI) effect on some oxidoreductive enzymes in soil contaminated with spent engine oil	157
Lima M.D.R., Barros Jr. U.O., Barbosa M.A.M., Segura F.R., Silva F.F., Batista B.L., Lobato A.K.S.: Silicon mitigates oxidative stress and has positive effects in <i>Eucalyptus platyphylla</i> under aluminium toxicity	164
Kovář P., Bačínová H., Loula J., Fedorova D.: Use of terraces to mitigate the impacts of overland flow and erosion on a catchment	171
Yang J., Gong W., Shi S., Du L., Sun J., Song S.-L.: Estimation of nitrogen content based on fluorescence spectrum and principal component analysis in paddy rice	178
Zouhar M., Douda O., Dlouhý M., Lišková J., Maňasová M., Stejskal V.: Using of hydrogen cyanide against <i>Ditylenchus dipsaci</i> nematode present on garlic	184
Wu G.-Q., Feng R.-J., Shui Q.-Z.: Effect of osmotic stress on growth and osmolytes accumulation in sugar beet (<i>Beta vulgaris</i> L.) plants	189
