

PLANT, SOIL AND ENVIRONMENT

Volume 62, No. 8

August 2016

CONTENTS

- Hniličková H., Kuklová M., Hnilička F., Kukla J.:
Effect of altitude and age of stands on physiological response of three dominant plants
in forests of the Western Carpathians 341
- Gromadzka K., Górna K., Chełkowski J., Waškiewicz A.:
Mycotoxins and related *Fusarium* species in preharvest maize ear rot in Poland 348
- Hlisnikovský L., Mühlbachová G., Kunzová E., Hejzman M., Pechová M.:
Changes of risky element concentrations under organic and mineral fertilization 355
- Peykanpour E., Ghehsareh A.M., Fallahzade J., Najarian M.:
Interactive effects of salinity and ozonated water on yield components of cucumber 361
- Rutkowska A., Pikuła D.:
Efficacy of ¹⁵N-nitrogen in fertilization of pea mixtures with wheat, barley, and oats 367
- Nogalska A.:
Meat and bone meal as fertilizer for spring barley 373
- Ducsay L., Ložek O., Marček M., Varényiová M., Hozlár P., Lošák T.:
Possibility of selenium biofortification of winter wheat grain 379
- Maksimović J., Pivić R., Stanojković-Sebić A., Vučić-Kišgeci M., Kresović B.,
Dinić Z., Glamočlija Đ.:
Planting density impact on weed infestation and the yield of *Miscanthus* grown
on two soil types 384
