

CONTENTS

Volume 78, December 2015

Research Articles

- 1** New volatile sulfur-containing compounds from wild garlic (*Allium ursinum* L., Liliaceae)
N.S. Radulović, A.B. Miltojević, M.B. Stojković, P.D. Blagojević (Serbia)
- 11** Environmental implications of food loss probability in packaging design
A. Conte, G.M. Cappelletti, G.M. Nicoletti, C. Russo, M.A. Del Nobile (Italy)
- 18** Stabilization of biopolymer microgels formed by electrostatic complexation: Influence of enzyme (laccase) cross-linking on pH, thermal, and mechanical stability
F. Azarikia, B.-c. Wu, S. Abbasi, D.J. McClements (Iran, United States)
- 27** Electrostatic spraying of organic acids on biofilms formed by *E. coli* O157:H7 and *Salmonella* Typhimurium on fresh produce
A. Almasoud, N. Hettiarachchy, S. Rayaprolu, R. Horax, S. Eswaranandam (United States)
- 34** Eggshell penetration by *Salmonella* Typhimurium in table eggs: Examination of underlying eggshell structures by micro-computed tomography and scanning electron microscopy
A. Ray, J.R. Roberts, R. Flavel, K.K. Chousalkar (Australia)
- 41** Proteomic and peptidomic insights on myofibrillar protein hydrolysis in a sausage model during fermentation with autochthonous starter cultures
C.M. López, M.A. Sentandreu, G.M. Vignolo, S.G. Fadda (Argentina, Spain)
- 50** Relating physicochemical and microbiological safety indicators during processing of *linguiça*, a Portuguese traditional dry-fermented sausage
U. Gonzales-Barron, V. Cadavez, A.P. Pereira, A. Gomes, J.P. Araújo, M.J. Saavedra, L. Estevinho, F. Butler, P. Pires, T. Dias (Portugal, Ireland)
- 62** Physicochemical properties of different thickeners used in infant foods and their relationship with mineral availability during *in vitro* digestion process
C.A. González-Bermúdez, A. Castro, D. Perez-Rea, C. Frontela-Saseta, C. Martínez-Graciá, L. Nilsson (Spain, Sweden, Bolivia)
- 71** Antihypertensive effect of peptides naturally generated during Iberian dry-cured ham processing
L. Mora, E. Escudero, K. Arihara, F. Toldrá (Spain, Japan)
- 79** Simulated gastrointestinal fate of lipids encapsulated in starch hydrogels: Impact of normal and high amylose corn starch
N. Tangsrianugul, M. Supphantharika, D.J. McClements (USA, Thailand, Saudi Arabia)
- 88** Consumer perception of carriers of a satiating compound. Influence of front-of-package images and weight loss-related information
S. Fiszman, E. Carrillo, P. Varela (Spain, Norway)
- 96** An integrated method for the emotional conceptualization and sensory characterization of food products: The Wheel
J.J. Schouteten, H. De Steur, S. De Pelsmaeker, S. Lagast, I. De Bourdeaudhuij, X. Gellynck (Belgium)
- 108** Estimate of the prevalence and burden of food poisoning by natural toxic compounds in South Korea
M.S. Park, G.J. Bahk (South Korea)
- 114** Digestion property and synergistic effect on biological activity of purple rice (*Oryza sativa* L.) anthocyanins subjected to a simulated gastrointestinal digestion *in vitro*
D. Sun, S. Huang, S. Cai, J. Cao, P. Han (People's Republic of China)
- 124** Rapid microwave assisted extraction of meat lipids
A.L. Medina, M.A.O. da Silva, H. de Sousa Barbosa, M.A.Z. Arruda, A. Marsaioli Jr., N. Bragagnolo (Brazil)

- 131** Stability of bioactive solid lipid nanoparticles loaded with herbal extracts when exposed to simulated gastrointestinal tract conditions
D.A. Campos, A.R. Madureira, B. Sarmiento, A.M. Gomes, M.M. Pintado (Portugal)
- 141** How is an ideal satiating yogurt described? A case study with added-protein yogurts
P. Morell, B. Piqueras-Fiszman, I. Hernando, S. Fiszman (Spain, the Netherlands)
- 148** Comparison of TCATA and TDS for dynamic sensory characterization of food products
G. Ares, S.R. Jaeger, L. Antúnez, L. Vidal, A. Giménez, B. Coste, A. Picallo, J.C. Castura (Uruguay, New Zealand, Argentina, Canada)
- 159** Ultrasound-assisted encapsulation of annatto seed oil: Retention and release of a bioactive compound with functional activities
E.K. Silva, G.L. Zobot, M.A.A. Meireles (Brazil)
- 169** Bioaccessibility, changes in the antioxidant potential and colonic fermentation of date pits and apple bagasse flours obtained from co-products during simulated *in vitro* gastrointestinal digestion
B. Gullon, M.E. Pintado, X. Barber, J. Fernández-López, J.A. Pérez-Álvarez, M. Viuda-Martos (Portugal, Spain)
- 177** Development of hydrocolloid microgels as starch granule mimetics: Hydrogel particles fabricated from gelatin and pectin
B.-c. Wu, D.J. McClements (United States, Saudi Arabia)
- 186** Volatile profile of human milk subjected to high-pressure thermal processing
M. Garrido, R. Contador, J. García-Parra, F.J. Delgado, J. Delgado-Adámez, R. Ramírez (Spain)
- 195** Viable and culturable populations of *Saccharomyces cerevisiae*, *Hanseniaspora uvarum* and *Starmerella bacillaris* (synonym *Candida zemplinina*) during Barbera must fermentation
C. Wang, B. Esteve-Zarzoso, L. Cocolin, A. Mas, K. Rantsiou (Spain, Italy)
- 201** The soluble recombinant N-terminal domain of HMW 1Dx5 and its aggregation behavior
J.J. Wang, G.-Y. Liu, G. Liu, Q.-H. Zeng, X. Shen, Y. Hou, L. Li, S.-Q. Hu (China)
- 209** Effect of *in vitro* gastrointestinal digestion on the bioavailability of phenolic components and the antioxidant potentials of some Turkish fruit wines
E. Celep, M. Charehsaz, S. Akyüz, E.T. Acar, E. Yesilada (Turkey)
- 216** Identification of antioxidative peptides from defatted walnut meal hydrolysate with potential for improving learning and memory
H. Chen, M. Zhao, L. Lin, J. Wang, D. Sun-Waterhouse, Y. Dong, M. Zhuang, G. Su (China)
- 224** Investigation and kinetic evaluation of furan formation in tomato paste and pulp during heating
H. Gül Akilloğlu, K. Savaş Bahçeci, V. Gökmen (Turkey)
- 231** Production of volatile phenols by kimchi *Lactobacillus plantarum* isolates and factors influencing their phenolic acid decarboxylase gene expression profiles
A.A. Rosimin, K.-S. Kim (South Korea)
- 238** *In vitro* evidence for gut hormone stimulation release and dipeptidyl-peptidase IV inhibitory activity of protein hydrolysate obtained from cuttlefish (*Sepia officinalis*) viscera
B. Cudennec, R. Balti, R. Ravallec, J. Caron, A. Bougatef, P. Dhulster, N. Nedjar (France, Tunisia)
- 246** Identification and quantification of phenolic and other polar compounds in the edible part of *Annona cherimola* and its by-products by HPLC-DAD-ESI-QTOF-MS
P. García-Salas, A.M. Gómez-Caravaca, A. Morales-Soto, A. Segura-Carretero, A. Fernández-Gutiérrez (Spain)
- 258** Synthesis of potentially-bioactive lactosyl-oligofructosides by a novel bi-enzymatic system using bacterial fructansucrases
M. Díez-Municio, C. González-Santana, B. de las Rivas, M.L. Jimeno, R. Muñoz, F.J. Moreno, M. Herrero (Spain)
- 266** Contributor factors for the occurrence of salmonellosis during preparation, storage and consumption of homemade mayonnaise salad
S. de Oliveira Elias, P. Varela Tomasco, V. Ortiz Alvarenga, A. de Souza Sant'Ana, E.C. Tondo (Brazil, Norway)
- 274** Comparative proteomic approaches to analysis of litchi pulp senescence after harvest
T. Li, H. Zhu, Q. Wu, C. Yang, X. Duan, H. Qu, Z. Yun, Y. Jiang (PR China)

- 286** Phytochemicals and bioactive properties of *Ilex paraguariensis*: An in-vitro comparative study between the whole plant, leaves and stems
A.H.P. Souza, R.C.G. Corrêa, L. Barros, R.C. Calhelha, C. Santos-Bueiga, R.M. Peralta, A. Bracht, M. Matsushita, I.C.F.R. Ferreira (Portugal, Brazil, Spain)
- 295** Novel methodology for the in situ assessment of CO₂ production rate and its application to anaerobic ripened cheese
F. Acerbi, V. Guillard, M. Aliani, C. Guillaume, N. Gontard (France)
- 302** Adaptability of some French red grape varieties cultivated at two different Portuguese *terroirs*: Comparative analysis with two Portuguese red grape varieties using physicochemical and phenolic parameters
E. Costa, J.F. da Silva, F. Cosme, A.M. Jordão (Portugal)
- 313** Copigmentation between malvidin-3-O-glucoside and hydroxycinnamic acids in red wine model solutions: Investigations with experimental and theoretical methods
B. Zhang, F. He, P.-P. Zhou, Y. Liu, C.-Q. Duan (China)
- 321** How do consumers describe wine astringency?
L. Vidal, A. Giménez, K. Medina, E. Boido, G. Ares (Uruguay)
- 327** Volatiles and primary metabolites profiling in two *Hibiscus sabdariffa* (roselle) cultivars via headspace SPME-GC-MS and chemometrics
M.A. Farag, D.M. Rasheed, I.M. Kamal (Egypt)
- 336** Crust morphology and crispness development during deep-fat frying of potato
K.N. van Koerten, M.A.I. Schutyser, D. Somsen, R.M. Boom (The Netherlands)
- 343** Metabolomics of *Lonicera caerulea* fruit during ripening and its relationship with color and antioxidant activity
H.J. Lee, D.H. Suh, E.S. Jung, H.M. Park, G.-Y. Jung, S.-G. Do, C.H. Lee (Republic of Korea)
- 352** Apple, grape or orange juice: Which one offers the best substrate for lactobacilli growth? – A screening study on bacteria viability, superoxide dismutase activity, folates production and hedonic characteristics
A.P. Espirito-Santo, F. Carlin, C.M.G.C. Renard (France)
- 361** Identification of novel saponins in vegetable amaranth and characterization of their hemolytic activity
J. Zehring, V. Reim, D. Schröter, S. Neugart, M. Schreiner, S. Rohn, R. Maul (Germany)
- 369** Relating dynamic perception of reformulated cheese pies to consumers' expectations of satiating ability
J. Marcano, P. Varela, L.M. Cunha, S. Fiszman (Spain, Norway, Portugal)
- 378** Impact of in vitro simulated digestion on the potential health benefits of proanthocyanidins from *Choerospondias axillaris* peels
Q. Li, J. Chen, T. Li, C. Liu, X. Wang, T. Dai, D.J. McClements, J. Liu (PR China, USA, Saudi Arabia, PR China)
- 388** Simulating shelf life determination by two simultaneous criteria
M. Peleg, M.D. Normand (United States)
- 396** Quality changes of pasteurised mango juice during storage. Part I: Selecting shelf-life markers by integration of a targeted and untargeted multivariate approach
S. Wibowo, T. Grauwet, G.B. Gedefa, M. Hendrickx, A. Van Loey (Belgium)
- 410** Quality changes of pasteurised mango juice during storage. Part II: Kinetic modelling of the shelf-life markers
S. Wibowo, T. Grauwet, G.B. Gedefa, M. Hendrickx, A. Van Loey (Belgium)
- 424** Effect of processing conditions on quality of green beans subjected to reciprocating agitation thermal processing
A. Singh, A.P. Singh, H.S. Ramaswamy (Canada)
- 433** Silver/chitosan-based Janus particles: Synthesis, characterization, and assessment of antimicrobial activity in vivo and vitro
R. Jia, H. Jiang, M. Jin, X. Wang, J. Huang (PR China)

- 442** Flavonol profile of cactus fruits (*Opuntia ficus-indica*) enriched cereal-based extrudates: Authenticity and impact of extrusion
T.E. Moussa-Ayoub, K. Youssef, S.K. El-Samahy, L.W. Kroh, S. Rohn (Germany, Egypt)

Reviews

- 448** Approaches for the assembly of molecularly imprinted electrospun nanofibre membranes and consequent use in selected target recognition
B. Ghorani, N. Tucker, M. Yoshikawa (Iran, United Kingdom, Japan)
- 465** New insights in antibiotic resistance of *Lactobacillus* species from fermented foods
H. Abriouel, M.d.C. Casado Muñoz, L. Lavilla Lerma, B. Pérez Montoro, W. Bockelmann, R. Pichner, J. Kabisch, G.-S. Cho, C.M.A.P. Franz, A. Gálvez, N. Benomar (Spain, Germany)

Letter to the Editor

- 482** Effect of pH, sodium chloride and sodium pyrophosphate on the thermal resistance of *Escherichia coli* O157:H7 in ground beef
V.K. Juneja, V. Cadavez, U. Gonzales-Barron, S. Mukhopadhyay (USA, Portugal)
