

CONTENTS

Articles

PARIYAR, S.R., DABABAT, A.A., SIDDIQUE, S., ERGINBAS-ORAKCI, G., ELASHRY, A., MORGOUNOV, A. & GRUNDLER, F.M.W.— Identification and characterisation of resistance to the cereal cyst nematode <i>Heterodera filipjevi</i> in winter wheat .....	377-402
ACKERMANN, M., PRILL, P. & RUESS, L.— Disentangling nematode-bacteria interactions using a modular soil model system and biochemical markers .....	403-415
KANZAKI, N., GIBLIN-DAVIS, R.M., YE, W., HERRE, E.A. & CENTER, B.J.— Recharacterisation of three <i>Parasitodiplogaster</i> species based on morphological and molecular profiles .....	417-437
ÇIMEN, H., PŮŽA, V., NERMUŤ, J., HATTING, J., RAMAKUWELA, T., FAKTOROVÁ, L. & HAZIR, S.— <i>Steinernema beitlechemi</i> n. sp., a new entomopathogenic nematode (Nematoda: Steinernematidae) from South Africa .....	439-453
MILJUTIN, D.M. & MILJUTINA, M.A.— Intraspecific variability of morphological characters in the species-rich deep-sea genus <i>Acantholaimus</i> Allgén, 1933 (Nematoda: Chromadoridae) .....	455-473
GU, J., MARIA, M., FANG, Y., HE, J., BRAASCH, H. & LI, H.— <i>Bursaphelenchus saudi</i> n. sp. (Tylenchina: Aphelenchoididae) found in packaging wood from Saudi Arabia .....	475-488
MASLER, E.P. & CHITWOOD, D.J.— <i>Heterodera glycines</i> cysts contain an extensive array of endoproteases as well as inhibitors of proteases in <i>H. glycines</i> and <i>Meloidogyne incognita</i> infective juvenile stages .....	489-499

Short communication

WANG, H., MAO, J., LI, R., LUO, D., ZHAO, G. & LI, H.— A culture technique for <i>Ditylenchus destructor</i> on sweet potato ( <i>Ipomoea batatas</i> ) .....	501-503
