

Identification of WorldView-2 spectral and spatial factors in detecting salt accumulation in cultivated fields S.J. Muller and A. van Niekerk	1
A comparison of soil hydrothermal properties in zonal and uniform tillage systems across the US Corn Belt A. Williams, A.S. Davis, P.M. Ewing, A.S. Grandy, D.A. Kane, R.T. Koide, D.A. Mortensen, R.G. Smith, S.S. Snapp, K.A. Spokas, A.C. Yannarell and N.R. Jordan	12
Inorganic carbon transformations between phases and its impact on its isotopic signature under open conditions G. Eshel and M.J. Singer	20
Phosphorus and micronutrient dynamics during gymnosperm and angiosperm litters decomposition in temperate cold forest from Eastern Canada N. Pourhassan, S. Bruno, M.D. Jewell, B. Shipley, S. Roy and J.-P. Bellenger	25
Soil temperature dynamics at the catchment scale V. Kunkel, T. Wells and G.R. Hancock	32
Aluminum fractionation and speciation in a coal mine dump: Twenty years of time-course evolution I.M. Rivas-Pérez, M.J. Fernández-Sanjurjo, A. Núñez-Delgado, F. Macías, C. Monterroso and E. Álvarez-Rodríguez ...	45
Spatial distribution and sources of trace elements in surface soils, Changchun, China: Insights from stochastic models and geostatistical analyses L. Hao, M. Tian, X. Zhao, Y. Zhao, J. Lu and R. Bai	54
Evaluation of RUSLE and PESERA models for predicting soil erosion losses in the first year after wildfire in NW Spain C. Fernández and J.A. Vega	64
Effect of mineral horizons on spatial distribution of soil properties and N cycling in a mountain peatland X. Wang, C. Westbrook and A. Bedard-Haughn	73
Investigation of a diabase-derived regolith profile from Pennsylvania: Mineralogy, chemistry and Fe isotope fractionation T. Yesavage, G.E. Stinchcomb, M.S. Fantle, P.B. Sak, A. Kasznel and S.L. Brantley	83
Black carbon deposition and storage in peat soils of the Changbai Mountain, China C. Gao, K.-H. Knorr, Z. Yu, J. He, S. Zhang, X. Lu and G. Wang	98
Eleven years after shrub revegetation in semiarid eroded soils. Influence in soil properties R. Bienes, M.J. Marques, B. Sastre, A. García-Díaz and M. Ruiz-Colmenero	106
Speciation, mobility and bioaccessibility of Hg in the polluted urban soil of Idrija (Slovenia) Š. Bavec and M. Gosar	115
