

Journal of
Arid Environments

Volume 131 August 2016

Contents

BOTANY

- Decuyper, M., Chávez, R.O., Copini, P. & Sass-Klaassen, U. A multi-scale approach to assess the effect of groundwater extraction on *Prosopis tamarugo* in the Atacama Desert. 25
- Risio, L., Calama, R., Bogino, S.M. & Bravo, F. Inter-annual variability in *Prosopis caldenia* pod production in the Argentinean semiarid pampas: A modelling approach 59

ZOOLOGY

- Spirito, F. & Tabeni, S. Impacts of socio-political boundaries on small desert mammals of west-central Argentina 6
- Traba, J., Casals, P., Broto, F., Camprodon, J., Giralt, D., Guixé, D., Mechergui, R., Rios, A., Sales, S., Taull, M., Ammari, Y., Solano, D. & Bota, G. Coexistence and habitat partitioning at micro- and macro-scales of rodent species in a North African desert (Bou-Hedma National Park, Tunisia) 46

WATER AND SOIL

- Flores, A.M., Shukla, M.K., Daniel, D., Ulery, A.L., Schutte, B.J., Picchioni, G.A. & Fernald, S. Evapotranspiration changes with irrigation using saline groundwater and RO concentrate 35

SHORT COMMUNICATION

- Yanagawa, A., Sasaki, T., Jamsran, U., Okuro, T. & Takeuchi, K. Factors limiting vegetation recovery processes after cessation of cropping in a semiarid grassland in Mongolia. 1

REMOTE SENSING

- Birtwistle, A.N., Laituri, M., Bledsoe, B. & Friedman, J.M. Using NDVI to measure precipitation in semi-arid landscapes . . . 15

CORRIGENDUM

- Armas, C., Gutiérrez, J. R., Kelt, D. A. & Meserve, P.L. Corrigendum to "Twenty-five years of research in the north-central Chilean semiarid zone: The Fray Jorge Long-Term Socio-Ecological Research (LTSER) site and Norte Chico" *Journal of Arid Environments* 126 (2016) 1–6 67
