Contents

Volume 85 July 2016 ISSN 0261-2194

- 1 Increased yield stability of field-grown winter barley (*Hordeum vulgare* L.) varietal mixtures through ecological processes
H.E. Creissen, T.H. Jorgensen and J.K.M. Brown
- 9 Wildfire, clearcutting, and vole populations: Balancing forest crop protection and biodiversity
T.P. Sullivan and D.S. Sullivan
- 17 Effect of temperature on the developmental time, survival of immatures and adult longevity of *Aganaspis daci* (Hymenoptera: Figitidae), a natural enemy of *Ceratitis capitata* (Diptera: Tephritidae)
L. de Pedro, F. Beitia, B. Sabater-Muñoz, J.D. Asís and J. Tormos
- 23 Evaluation of the short term effect of nursery treatments with phosphite-based products, acibenzolar-S-methyl, pelleted *Brassica carinata* and biocontrol agents, against lettuce and cultivated rocket fusarium wilt under artificial inoculation and greenhouse conditions
G. Gilardi, S. Demarchi, M.L. Gullino and A. Garibaldi
- 33 Penthiopyrad applied in close proximity to *Rhizoctonia solani* provided effective disease control in sugar beet
Y. Liu and M.F.R. Khan
- 38 Spray volume and fungicide rates for citrus black spot control based on tree canopy volume
G.J. Silva Junior, M.d.S. Scapin, F.P. Silva, A.R.P. Silva, F. Behlau and H.H. Ramos
- 46 Variation in the responses of melon and watermelon to *Macrophomina phaseolina*
R. Cohen, M. Elkabetz and M. Edelstein
- 52 A new disease of mung bean caused by *Botrytis cinerea*
Y. Li, S. Sun, C. Du, C. Xu, J. Zhang, C. Duan and Z. Zhu
- 57 Efficacy of reduced rate fumigant alternatives and methyl bromide against soilborne pathogens and weeds in western forest nurseries
J.E. Weiland, W.R. Littke, J.E. Browning, R.L. Edmonds, A. Davis, B.R. Beck and T.W. Miller
- 65 First report of *Aspergillus awamori* as a fungal pathogen of garlic (*Allium sativum* L.)
J.Y. Oh, M. Manna, G.D. Han, S.-C. Chun and K.D. Kim

Contents

Volume 85 July 2016 ISSN 0261-2194

(contents continued from outside back cover)

- 71 Estimation of population density of stored grain pests via bioacoustic detection
P.A. Eliopoulos, I. Potamitis and D.C. Kontodimas
- 79 Droplet deposition and control effect of insecticides sprayed with an unmanned aerial vehicle against plant hoppers
W.-C. Qin, B.-J. Qiu, X.-Y. Xue, C. Chen, Z.-F. Xu and Q.-Q. Zhou
- 89 Weed management in resource conservation production systems in Pakistan
A. Nawaz and M. Farooq
- 104 IAPPS Newsletter 85C
- 107 Calendar
