

Integration of chemical methods and biomarkers for assessment of chlorimuron-ethyl bioavailability in soil REN Wenjie, WANG Meie, ZHOU Qixing and TENG Ying .....	273
Prediction of extractable Cd, Pb and Zn in contaminated woody habitat soils using a change point detection method Christophe WATERLOT, Christelle PRUVOT, Géraldine BIDAR, Clémentine FRITSCH, Annette DE VAUFLEURY, Renaud SCHEIFLER and Francis DOUAY .....	282
Use of a bioaugmented organic soil amendment in combination with gypsum for <i>Withania somnifera</i> growth on sodic soil Manjul GUPTA, Pankaj Kumar SRIVASTAVA, SHIKHA, Abhishek NIRANJAN and Shri Krishna TEWARI .....	299
Phosphorus use efficiency of bio-based fertilizers: Bioavailability and fractionation Céline VANEECKHAUTE, Joery JANDA, Peter A. VANROLLEGHEM, Filip M. G. TACK and Erik MEERS ..	310
Risk assessment of heavy metal pollution in sediments of the Fenghe River by the fuzzy synthetic evaluation model and multivariate statistical methods YANG Yang, ZHOU Zhengchao, BAI Yanying, CAI Yimin and CHEN Weiping .....	326
A comparative analysis of binary logistic regression and analytical hierarchy process for landslide susceptibility assessment in the Dobrovăț River Basin, Romania Cristian V. PATRICHE, Radu PIRNAU, Adrian GROZAVU and Bogdan ROSCA .....	335
Dynamics and availability of different pools of manganese in semiarid soils as affected by cropping system and fertilization WANG Shuzhuan, WEI Xiaorong and HAO Mingde .....	351
Pedotransfer functions for estimating soil bulk density: A case study in the Three-River Headwater region of Qinghai Province, China YI Xiangsheng, LI Guosheng and YIN Yanyu .....	362
Multi-source characteristics of atmospheric deposition in Nanjing, China, as controlled by East Asia monsoons and urban activities LI Shanquan, ZHANG Ganlin, YANG Jinling and JIA Nan .....	374
Temperature and straw quality regulate the microbial phospholipid fatty acid composition associated with straw decomposition ZHOU Guixiang, ZHANG Jiabao, CHEN Lin, ZHANG Congzhi and YU Zhenghong .....	386
Effects of temperature and moisture on soil organic matter decomposition along elevation gradients on the Changbai Mountains, Northeast China WANG Dan, HE Nianpeng, WANG Qing, LÜ Yuliang, WANG Qiufeng, XU Zhiwei and ZHU Jianxing .....	399
Impacts of forest gaps on soil properties after a severe ice storm in a <i>Cunninghamia lanceolata</i> stand XU Jianxin, XUE Li and SU Zhiyao .....	408
