

Compost Science & Utilization

CONTENTS

Volume 24 Number 4 2016

ARTICLES

- Residual Effects of Novel versus Traditional Organic Amendments for Rain-fed No-till Barley: Yield, Nutrient Uptake, and N₂O Emissions
Xu Tang, Xiyang Hao, Shanwei Xu, and Francis J. Larney 219
- Effect of Adding Flue Gas Desulfurization Gypsum on the Transformation and Fate of Nitrogen during Composting
Xiaobo Guo, Yanyu Lu, and Qunliang Li 230
- Nutrient Leaching When Compost Is Part of Plant Growth Media
S. D. Logsdon and P. A. Sauer 238
- Effects of Spent Mushroom Compost (SMC) as an Ingredient in Phase I Compost on Production of *Agaricus bisporus*
E. L. Bishop, J. A. Pecchia, V. Wilkinson, I. Albert, and D. J. Royse 246
- Plant Growth and Sugars Content of *Agave americana* L. Cultivated with Vermicompost and Rock Phosphate and Inoculated with *Penicillium* sp. and *Glomus fasciculatum*
Rudy Zacarias-Toledo, Daniel González-Mendoza, Martha Alicia Rodríguez Mendiola, Juan José Villalobos-Maldonado, Vicente Federico Gutiérrez-Oliva, Luc Dendooven, Miguel Abud-Archila, Carlos Arias-Castro, and Federico Antonio Gutiérrez-Miceli 259
- Organic Cultivation of Medicinal Plants: Influence of Composted Coir Pith on the Growth and Yield of *Coleus forskohlii* (willd.) Briq
S. N. Padmadevi, R. S. Meera Bai, S. P. M. Prince William, and K. Sunithakumari 266
- Growth of Date Palm (*Phoenix dactylifera* L.) in Composts of Olive Oil Mill Waste with Organic Household Refuse
Farid Barje, Abdelilah Meddich, Houda El Hajjouji, Abdelghani El Asli, Ghita Ait Baddi, Abdelouahed El Faiz, and Mohamed Hafidi 273
- Composting of Aged Reed Bed Biosolids for Beneficial Reuse: A Case Study in New Jersey, USA
Sarat Kannepalli, Beth Ravit, and Peter F. Strom 281
