

Volume 81 Issue 3  
June 2016

**Phenotypic and molecular effects of chronic gamma irradiation on *Curcuma alismatifolia***

S. Taheri T.L. Abdullah Z. Ahmad M. Sahebi P. Azizi

137

**On the role of the light regime in root development of *Euphorbia pulcherrima* leafy stem cuttings**

T. Schwend M. Kriedel D. Prucker S. Peisl H. Mempel

148

**Test of a PAR sensor-based, dynamic regulation of LED lighting in greenhouse cultivation of *Helianthus annuus***

T. Schwend M. Beck D. Prucker S. Peisl H. Mempel

152

**Late frost reactions of different populations of *Quercus robur* L. and *Tilia cordata* Mill. in Germany**

M. Selig H. Bohne

157

**Investigation into surface and subsurface drip irrigation for jujube trees grown in saline soil under extremely arid climate**

S.M. Sun P.L. Yang Q.X. An R. Xu B.L. Yao F.Y. Li X.X. Zhang

165

**Alginate coatings containing high levels of isoleucine improve aromatic and standard quality in fresh-cut apple**

M. Espino-Díaz F.J. Molina-Coñral D.R. Sepulveda G.A. González-Aguilar G.I. Olivas >

175
