

# ALLELOPATHY JOURNAL

Volume 38

Number 2

July 2016

## REVIEW PAPER

- N. CHAVES, J.C. ALÍAS and T. SOSA (Spain)** 113  
Phytotoxicity of *Cistus ladanifer* L.: Role of allelopathy

## RESEARCH PAPERS

- CHUNLING CHANG, XINGANG ZHOU, XUEPENG FU, SHUNCHAO YANG and FENGZHI WU (China)** 133  
Soil enzymes and bacterial community composition in cucumber (*Cucumis sativus* L.) monocropping and companion cropping systems
- ZAIYING GONG, XUEPENG FU, XINGANG ZHOU, FENGZHI WU and SHOUWEI LIU (China)** 147  
Effects of plant residues on cucumber (*Cucumis sativus* L) growth, soil enzyme activities and microbial communities
- Q.L. LONG, Y. LI and W.L. DING (China)** 159  
Morphological and gene expression responses of Ginseng (*Panax ginseng*) to benzoic acid
- BIN CHEN, XUN GOU, DANWEI MA and YANAN JIAN ZHOU (China)** 171  
Volatiles from *Chenopodium ambrosioides* L. induce the oxidative damage in maize (*Zea mays* L.) radicles
- RUILONG WANG, ZHILI FENG, ZHONG QIN, WENNA XIA, YIJUAN SU and JIAEN ZHANG (China)** 183  
Effects of simulated nitrogen deposition on the seeding growth, photosynthetic characteristics and allelopathic potential of invasive plant *Ipomoea cairica* (L.) Sweet
- T. REFIFA, H. CHAHDOURA, G. FLAMINI, K. ADOUNI, L. ACHOUR and A. HELAL (Tunisia)** 193  
Allelopathic potential of *Pinus halepensis* needles
- M.I. HUSSAIN and M.J. REIGOSA (Spain)** 193  
Plant secondary metabolite rutin affects the photosynthesis and excitation energy flux responses in *Arabidopsis thaliana*
- Y. HE, L. CHENG, Y. TIAN, Z.L. CHEN and Q. WU (China)** 229  
Effects of submerged macrophyte *Ceratophyllum demersum* on ROS generation and cell damage in *Microcystis aeruginosa*
