Editorial

Journal of Applied Aquaculture: 25 years of disseminating applied aquaculture research

Rodrigue Yossa 273

Articles

Dry whey meal as a protein source in practical diets for Nile tilapia, *Oreochromis niloticus* fingerlings

Mohsen Abdel-Tawwab and Fayza E. Abbass 276

Effects of incubation temperatures on embryonic and larval survival in rainbow trout, *Oncorhynchus mykiss*

Gregory M. Weber, Kyle Martin, Joshua Kretzer, Hao Ma, and Douglas Dixon, II 285

Comanagement for aquaculture: Suggestions from a comparative study between two major production areas of milkfish in the Philippines

Aoi Sugimoto, Maria Lourdes San Diego-McGlone, Francisco Paciencia, Shielameh P. Milan, Elizabeth T. Tomas, Carolina C. Ramirez, Annabelle Echavez, Jessem Gabatin, Miguel D. Fortes, and Kazuo Nadaoka 298

Approaches for controlling sea lice infestation in global salmon farming: What is applicable in Canadian aquaculture industry

Rodrigue Yossa and André Dumas 314

Review

Approaches for delaying sexual maturation in salmon and their possible ecological and ethical implications

Marianne Iversen, Anne Ingeborg Myhr, and Anna Wargelius 330

Technical Note

Effects of multiplehand strippings of channel catfish (*Ictalurus punctatus*) females induced to ovulate with carp pituitary extract on production of channel catfish female x blue catfish (*I. furcatus*) male hybrid fry

Rex A. Dunham, Soonhag Kim, Baofeng Su, Brad J. Argue, Carel Ligeon, and Anne C. Ramboux 370
