

CONTENTS

ORIGINAL ARTICLES

- 67 Detailed insight into genetic diversity of the Old Kladruber horse substructure in comparison to the Lipizzan breed
R. Kasarda, L. Vostrý, N. Moravčíková, H. Vostrá-Vydrová, P. Dovč and O. Kadlečík
- 75 Genetic associations of teat cup attachment failures, incomplete milkings, and handling time in automatic milking systems with milkability, temperament, and udder conformation
C. Carlström, E. Strandberg, G. Pettersson, K. Johansson, H. Stålhammar and J. Philipsson
- 84 Genetic associations of in-line recorded milkability traits and udder conformation with udder health
C. Carlström, E. Strandberg, K. Johansson, G. Pettersson, H. Stålhammar and J. Philipsson
- 92 Herd-level factors associated with longevity in Swedish dairy cattle
E. Strandberg and U. Emanuelson
- 99 Area use of two sheep breeds in contrasting summer alpine grazing environments in southern Norway
N. H. Jørgensen, G. Steinheim and Ø. Holand
- 106 Effect of silage chop length on feed intake and feeding behaviour of finishing feedlot steers
W. Addah, J. Baah and T. A. McAllister

SHORT COMMUNICATIONS

- 115 Flooring preference and behavior in sound and lame sows
R. L. Parsons, A. K. Johnson, J. F. Coetzee, L. A. Karriker, M. D. Pairis-Garcia, K. J. Stalder and S. T. Millman
- 119 Rumen volatile fatty acids × dietary supplementation with live yeast and yeast cell wall in feedlot beef cattle
L. Armato, M. Ganesella, M. Morgante, E. Fiore, M. Rizzo, E. Giudice and G. Piccione
